MOCK DEBATE

1992 was time once again for the United States to elect a new president and many Americans had to decide on a president who they would best take on the role of president. The candidates that made it to the national election were: from Texas, re-elect Bush/Quayle, from Arkansas, Clinton/Gore, and from Texas, Perot/Stockdale.

This year F.H.S. tried something unique and different than from previous elections. Instead of capturing all the election coverage on T.V. and newspapers, several students formed a challenge problem relating to the election. The students researched their designated candidates and before the actual election, F.H.S. held a Presidential debate and election. The debate was a week before the election, held on November 3, 1992.

The debate made the students more involved in the election and conducted more enthusiasm because the students expanded their knowledge of the issues and topics that were on the minds of the presidential candidates. In the debate, those represented were: Bush/Quayle-Reed Malhke and Wyatt Scepaniak; Clinton/Gore-Sara Sheldon, Heidi Marttila, and Ellen Groop; and Perot/Stockdale-Corey Maunu and Gwen Schaunaman.

The debate went great and the results of the election were close. Perot won by one vote. Bush came in second, and Clinton third. But in the national election, the results were almost reversed, Clinton became the new president of our country. ★ ★ ★

IT DOSN'T GET ANY BETTER

Above: Mrs S. after a long day on the job decides that she has to take a break. Thank-You to Both of you.

Above: Mrs. M looks up just in time to get her picture taken and of course she has a smile.

Do you have any idea how much patience, care, and hardwork it takes to handle 13 obnoxious seniors? Maybe you should ask two very special teachers, to whom we dedicate this year's Viking. These two teachers have gone beyond their duty to help us succeed, not to mention immeasurable amounts of time, ambition, and loyalty that they have given to us. With our dedication we would like to express our gratitude. Mrs. Maunu and Mrs. Schanzenbach, the senior class of 1993 would like to thank you from the bottom of our heart.

Keeping a secret from you two was the hardest thing we have ever had to do, so smile pretty.

HELLO OUT THERE

"HELLO OUT THERE" was the one act play chosen for competition. Mr. Blasdell has students prepare a one act play for the regional competition held in Aberdeen on January 26, 1993. They will also prepare a three act play later in the spring. The students received good comments from the judges, but did not advance to the state competition. Several other students besides the cast help build the set, run the lights, do make-up, and move equipment.

*The Cast consisted of:
The Gambler: Reed Mahlke
The Girl: Sara Sheldon
The Man: Corey Maunu
The Woman: Mandy Cruse
Man 1: Wyatt Scepaniak
Man 2: Ryan Bakeberg
Assistant Directors:
Stephanie Paul
Carla Sumption
Director: Charles Blasdell*

*Top: Reed Mahlke pleads with Corey Maunu that he really is innocent.
Middle: Sara Sheldon is on her knees begging Reed Mahlke to let her stay with him.
Bottom: The cast in full. As you can tell Mandy Cruse and Wyatt Scepaniak want to get off as soon as possible.*

The image features a large, stylized, dark grey letter 'P' that dominates the center. The 'P' is composed of thick, solid strokes. Behind the 'P' is a large, light grey circle. The background is split: the left side has vertical grey stripes, and the right side is a plain light grey. At the bottom of the 'P', the word 'EOPLE' is written in a bold, sans-serif font, with each letter separated by a wide space. The overall aesthetic is minimalist and modern.

Seniors Bond With Togetherness

The 1992-1993 Senior class sure did have their "ups and downs" this year. But, overall, it was a terrific year. It always seemed that if there were any kind of changes, whether good or bad, they would happen to the 1992-1993 seniors. But, we all handled them pretty good. All we had to do was stick together, and that's just what we did. Out of the 13 seniors, only eight of them were around since kindergarten. But, it wasn't a disappointment for those eight people to add a few new members to their school family. On February 23, 1993, the seniors took their trip to Pierre. At Pierre they visited the Oahe Dam, the Cultural Heritage Museum, and the State Capital. What a great time. One of the best benefits the 1992-1993 seniors had in having such a small class was everyone was really close. **IT DOESN'T GET ANY BETTER!!**

Where's the weekend when you need it, huh, Rich?

What's so funny, Lynnette?

Don't work too hard, Bea.

Is that a smile, Joanie?

Don't mess with me!

I wish they would hurry and take this picture.

In a bad mood again, Tom?

Give me a break.

Concentrating, Lianne?

The camera is over here, Steph.

Ryan, I hope you're taking the vote seriously.

Wishful thinking, Reed?

Nice outfit, Carla.

EXCELLING YEAR

"Did you get your English done?"
 "Were you on Main this weekend?"
 "Did we have an assignment in Chemistry?"
 "Who's working concessions tonight?"
 "Can I see your Spanish worksheets?"
 Sound familiar, Juniors?

At the beginning of the year, one of the Junior's main decisions was to choose class officers. Those selected were Sara Sheldon as class president; Doug Klipfel as vice-president; and Tanya Bender as secretary-treasurer. They led the class in making decisions concerning Prom '93, concessions, and also represented their class on the Student Council.

The juniors were responsible for hosting the Junior-Senior Prom. Class advisors, Mrs. Rall and Mrs. Schanzenbach helped them throughout the year with Prom-related decisions.

The juniors were jubilant over their 'Homecoming Sweep.' The class took first place with both their skit on Coronation night and their float. "It doesn't get any better."

This past summer, three of the juniors traveled to "far-away places," and reported back to the school on their experiences. Jessica Rohwedder visited Malaysia, Sara Sheldon spent two weeks in Alaska, and Beth Torrence (pictured), went on a mission trip to Guatemala.

"Why do you have paint on your shirt?" "Do you have any gum?" "Can I borrow your compass? I lost mine." "Whoever stacked my locker *%#@#!" "Don't you know how to spell sophomore?"

Early in the year, the sophomores selected class officers. Marianne Marttila was elected class president. Wyatt Scepaniak served as vice-president, while Sara Dieter was chosen as secretary-treasurer. Mr. McIntosh and Mr. Blasdell acted as advisors. The Sophomores gained a new student, Anne Arneson, who transferred in from Aberdeen Simmons, while Jodi Gunderson moved away.

This year's sophomores were a very active class, with many students involved in athletics, music, drama, and other extracurricular activities. The class learned to use the new IBM computers in computer class. They also dissected a variety of organisms in Biology class. During Homecoming week, the sophomores held a BBQ supper as a fundraiser. They all agreed, "It doesn't get any better."

FRONT ROW: Stacy Ness, Sara Dieter, Anne Arneson, Dacey Cutler, Justin Wallace, and Jim Sheldon.

Year of Firsts

The freshmen year of high school is a year of firsts. Along with the first year of high school, comes the first year of lockers, cumulative grades, and attendance for permanent records. They had the privilege of having the typing class taught on the computers. They experienced the first Freshmen Olympics instead of the traditional slave day. The freshmen were also often on the first lunch bell.

UPPER RIGHT: The five girls who participated in the Junior Snow Queen Contest were: Heidi Marttila, Joely Larsen, Jenny Paul, Sheila Napton, and Jessica Ibanez. **RIGHT:** Jesse Rystrom studies his book with concentration as he completes a lesson on the computer.

Clifford, Jim Sumption, and Christina Olson. **BACK ROW**--David Maunu, Nate Cantwell, Josh Bobzein, Brad Wollman, and Jared Torrence.

The junior high students who attended the Junior High Music Festival in Aberdeen on October 31, 1992 were:
FRONT ROW: William Lewis, Jason Goebel, David Maunu, and A.J. Clifford. **SECOND ROW**: Nate Cantwell, Josh Dieter, and Nathan Bakeberg. **THIRD ROW**: Lynn Huettl, Joely Larsen, Jessica Ibanez, Sheila Napton, and Heidi Marttila. **BACK ROW**: Connie Goebel, Ellen Groop, Janel Walworth, Heather Rystrom, Indy Bobzein, Anne Sheldon, and Elisha Jung.

Year of Lasts

Eighth grade becomes a year of lasts. Some of the lasts include the end of junior high, the end of the cubbie-holes for lockers, and maybe the end of spending the preschool and noon time in the lunchroom.

The eighth grade built a float for homecoming, with their advisor, Mr. Shetler. They even used the new computers in the IBM lab to write their journals for English class.

They had Mr. Whaley for math, Mr. Kendall for their science class, Mrs. Brokaw for English, and Mr. Shetler for history, and health/civics.

Seventh graders include: FRONT ROW: Anne Sheldon, Lynn Huettl, Janel Walworth, Connie Goebel, and Brian Jenson. BACK ROW: William Lewis, Chris Maunu, Daniel Podoll, Warren Sumption, Nathan Bakeberg, and Travis Olson.

SELECT STUDENTS

With four girls and seven boys, the seventh grade make a smooth transition into the junior high. Their sports and music abilities were quickly recognized. This class often made first bell for lunch because of good attendance. They received a second place on their homecoming float. Several students were interested in sports and hunting.

UPPER MIDDLE: Seventh graders (when not in music first hour or during last hour some days) join the eighth graders in a study hall. RIGHT: Mrs. Schanzenbach leads the lecture of seventh grade home ec. The topic is for one of the units in sex education.

CHALLENGES

This year the kids used cooperative learning, which teaches them to work together. Another important thing this year was the drug awareness project. Officer Bob Hook visited the school to talk about the D.A.R.E.- project. When asked to describe this year's sixth grade, teacher Mrs. Ellefson said, *"This class challenges me to do my very best, because they strive for success."*

Keyboarding is one of the many new things the fifth grade learned this year. They also started lunchwork, which involves helping out in the kitchen at lunchtime. Just like the sixth grade, the fifth grade also learned about the D.A.R.E.- project. Mrs. Hegge said about her class, *"I hope that the students learn a lot from all the different types of things they do."*

UPPER: Sixth graders are: **FRONT ROW:** Joshua Voller, Justin Kopetsky, Travis Schaunaman, David Schlosser and Derek Sumption. **MIDDLE ROW:** Alisha Groop, Lindsey Maunu, Mitchell Wilson, Neil Karjalainen, Ryan Riggs, and Dustin Jung. **BACK ROW:** Eric Thompson, Betty Rohwedder, Bridget Torrence, Elizabeth Ponder, Suzanne Giovannettone, and Twyla Sumption. Teacher is Mrs. Anne Hegge.

ADVENTUROUS

Wood sculptures in art were new and fun to do. The fourth grade has also been introduced to the game of floor hockey. They have enjoyed this school year and have learned many new and interesting things. They have become more educated about states of the U.S. When put on the spot for a quote about this class, Mrs. Bergen said, "They are a very adventurous class and they keep me on my toes."

READY TO LEARN

The program "Writing to Write" was the third grade highlight. This involves writing your own stories on the computer. They have also been learning how to touch type. When asked to make a quote about them Mrs. Ullrich said, "This has been a good year because the kids are ready to learn and willing to try new things."

UPPER: Fourth graders are; FRONT ROW : Adam Achen, B. J. Cantwell, Brett Riggs, Craig Karjalainen, Jared Voeller, Andrew Myhra. MIDDLE ROW: Alaina Sanderson, Eric Jensen, Adam Rahja, Joshua Underberg, Jessica Winther, Trista Bunke, Kara Rydberg. MIDDLE ROW: Jennifer Gobel, Kimberly Maunu, Whitney Ruhoff, Jason Bender, Michael Lewis, and Erin Schleder. BACK ROW: Misty Mahlke, Benjamin Pitz, Brandon Bain, Jordan Torrence, and Jessica Ness. Teacher is Mrs. Ullrich.

OBSERVE TO LEARN

The second graders had special attention when they dissected and observed the parts of a sheep's eye, and other animal parts. They continued their Write to Read program by learning the Write to Write program this year.

WRITE TO LEARN

The first graders continued their Write to Read program. They used this new knowledge to write and read their plays at the program for parents at the end of the year. Mrs. Brooks commented that the class certainly kept her on her toes!

Second graders include: FRONT ROW: Bill Shetler, Matthew Nixon, David Bretsch, Andy Schaunaman, and Nathan Sanderson. MIDDLE ROW: Jessica Brotzel, Amanda Ness, Eric Bergan, Nicole Underberg, and Christina Kopetsky. BACK ROW: Jessica Schmidt, Brittney Klipfel, Shaina Riggs, Cody Bruns, and Rebecca Achen. Teacher--Shirley Heis.
First graders include: FRONT ROW: Wyatt Wilson,

Elizabeth Rahja, Justin Ellefson, Becky Torrence, and Brad Shetler. MIDDLE ROW: Tyson DesCamps, Jordan Seaman, Matthew Gustafson, Justin Ryman, Ashley Jung, Rachel Emery, and Trishia Rohwedder. BACK ROW: Teacher--Renee Brooks, Joshua Dennert, Logan Voeller, Cody Mahlke, Jason Jenson, Ashley Huettl, and Emily Morgolias.

ACTIVE BARNARD

Getting them ready for Junior High and High School? Maybe! Students grade K-6 had the opportunity to receive instructions from teachers other than their classroom teacher. Mrs. Schanzenbach has guided the students through somewhat difficult art, Mr. Blasdell does class activities as well as counseling individually, Mrs. Zinter helps with Special Education and Gifted Coordinator, and Miss Duenwald teaches vocal for all students and band for 5th and 6th graders.

FUN FEST FUN

Changing leaders to PTA set things upbeat for the Fun Fest held on October 31. The Fun Fest had a tremendous turnout this year. There were many new games and activities, such as, the spook house and costume judging.

Costume judging was based on most original, scariest, most beautiful, and ugliest. There were many games for young kids and adults. The cake walk was another all time favorite.

Kindergarten students are: FRONT ROW: Kassie Storm, Danielle Taylor, Morgan Ulmer, and Trent Huettl. BACK ROW: Jared Middleton, Colby Cantwell, Tyler Parsons, Anthony Sanderson, and Craig Larson. Standing Behind--Teresa Campbell (Teacher).

EXCITING START

The Kindergarten took on a complete change of pace with only eight students rather than the eighteen last year. Mrs. Campbell had the chance to try new techniques and projects because there was more time for individual attention. What a nice opportunity to share new experiences. The students began using computers for the Write to Read program and they used the program "Bumblebee" to learn their letters.

Kindergarteners began their bonding as a class and learned to follow rules and regulations of the school process. They attended school on Monday, Wednesday and Friday to complete half the school days of the rest of the students. They are the Class of 2005!

NEW CHALLENGES

The Odyssey of the Mind group of students, under the direction of Mrs. Tanya Zinter, worked to prepare for their competition in the spring. They made and sold Christmas candy to help earn money to cover the expenses involved in attending the event.

Mrs. Zinter had the opportunity of instructing all the special education program and also had all the gifted education students. The gifted students conducted a mock election in November. The junior high gifted students participated in a MathCounts competition in February. They placed second so proceeded to the state competition in March.

The Chapter Reading and Chapter Math programs were instructed by Cindy Shetler and assisted by Carol Sheldon. Students came to the chapter room on a regular schedule.

Computer Lab Provided Service

The students had the privilege of using a computer lab which contained eighteen IBM computers. They were networked with different software such as Microsoft Works, Express Publisher, Logo, and several programs for other classes.

The 7th, 8th, and 9th grade English classes used the computers occasionally to write their journals. The other English classes used them to write their term papers. All classes were allowed to schedule time to use the computers for reports etc.

The freshmen typing class used the computers to learn keyboarding, and how to format and type letters, reports, memos, and tabulations.

The Computer I class learned some basic programming, Logo, and Microsoft Works. The Computer II students completed more advanced projects. All sophomores and many juniors and seniors used computer skills and math skills to operate the CNC Mill while it was at the high school as one of the Northern Hi-Tech modules that traveled between the consortium schools.

TOP LEFT: The network server holds all the information for the whole lab to run efficiently. MIDDLE LEFT: A view from above and in front of the Freshmen typing class shows them completing one of many lessons using the network system. LEFT: Reed Mahlke and Ryan Bakeberg, Computer II students, often spent more than the class period to complete projects. They were often called upon to assist other students to use the computers properly.

Student Rewards

Rewarding students was an accomplishment of principal-Doyne Jensen. A project a few years ago was to improve attendance. When the student body achieved that, they were allowed part of a day to go bowling as a reward. Mr. Jensen helped organize the accelerated reader program three years ago. This was another way for students to be rewarded for their accomplishments.

Mr. Jensen, as principal, planned schedules for each year-making sure all state requirements were met. He made sure each student had all requirements met for graduation. As the athletic director he had all ballgames scheduled at least one year ahead of time, and all officials were contracted.

Use of the gym, and all out of the school day activities were scheduled through the principal's office. Mr. Jensen helped repair or build small items used in the building.

Mr. Jensen was willing to help with the student activities when needed. He enjoyed watching them be entertained at the lyceums or the Fun Fest or whatever the occasion was.

As Mr. Jensen's aide and the school secretary, Laurel McDowell greeted every student at some time, and for some many times, during the school year. She kept track of all the bookkeeping tasks for the high school. She kept track of all the grades and permanent records. She was in charge of the high school lunch and attendance records. All her reports were transferred to the business manager monthly.

Todd Voeller was hired as janitor for both school centers.

TOP: Mr. Jensen and Charles Cruse operate the horse race game for the PTA Fun Fest. MIDDLE: Mr. Jensen meets with a salesman who stopped at the school. ABOVE: Laurel McDowell wears her VIKINGS sweater.

Hi-Tech Begins Rotations

This year FHS enjoyed the benefits of one of Mr. Getty's projects, which were four modules of the Northern Hi-Tech Consortium. These modules traveled between thirteen schools and included such units as career exploration, a vertical mill, robotics, and a communications unit (mini-TV studio). Some of Mr. Getty's other tasks included handling the two schools' business and working with the school board.

School board members were: President--Wayne Schleder, Richard Bakeberg, Dennis Kinslow, Judy Bretsch, and Gary Huettl. The school board was always busy trying to iron out issues concerning the budget, the students' curriculum and their well being.

This year Mr. Getty had his office remodeled. Since Mr. Getty loves the outdoors, all of his wood-carved ducks are sitting on special shelves. A mural was painted behind one shelving area. This adds a distinction to his office that many who see it, will not soon forget.

P O R T S

PLAYER VIRTUE

"This season was somewhat of a disappointment," commented Coach Shayne McIntosh about the 1992 football season. "We finished at 4-4, but we could have easily been 6-2 and in the playoffs. Nonetheless, we had a fun year and we will miss the seniors."

The Northstars began their season on a rather tough note by losing to the Faulkton-Cresbard Crusaders after leading the entire game. Fortunately, they didn't let the loss slow them down. The guys worked very hard to win four of their next seven games. Jason Strand completed 59 of 105 passes for a total of 867 yards. Don Nickelson caught 20 of those passes for 340 yards, while Reed Mahlke caught 11 for 191 yards. Ryan Bakeberg led the defensive end for the Northstars with 77.5 tackles and Don Nickelson led the rushing aspect with 847 yards.

Things just couldn't get any better until Don Nickelson was named All-State Punter and Reed Mahlke claimed a spot on the Academic All-State team. The two All-Staters went on to be named on the Lake Region Conference Football Team. They were joined by Ryan Bakeberg and Taylor Sumption.

Each player had a truly excellent season even though it didn't go as well as they wanted it to. The season's end brought the loss of four seniors. Unfortunately, the team was torn apart early with the accident of assistant coach Les Huettl prior to the game at Warner.

TEAM PROMINENCE

For the FHS Lady Vikings the 1992 basketball season came to an end way too quickly. They had only two wins, which were against The Doland-Conde Chargers and The Veblen Cardinals. Although the Lady Vikings only won two games, they did stick together throughout the season. This year the Lady Vikings worked extremely hard on defense and had troubles on offense. With many injuries the Vikings still struggled to get ahead. One of the many injuries that happened was to Dacey Cutler who hurt her knee very badly and ended up having reconstructive surgery. Dacey worked remarkably hard on defense and was hard to replace, but the Lady Vikings seemed to be able to overcome that obstacle. With very few girls out for basketball the girls had to be extremely careful on how they played due to the low number of substitutions. The FHS Girls Basketball team lost three very hardworking Seniors this year, the three Seniors were: Carla Sumption, Lynnette Huettl, and team captain Stephanie Paul.

Just for the record here are some of the stats from the 1992 Season. Tanya Bender had 88 points, 38 rebounds, 49 assists, and 31 steals. Carla had 58 points, 62 rebounds, 18 assists, and 8 steals. Lynnette had 314 points, 222 rebounds, 31 assists, and 36 steals. Stephanie had 123 points, 77 rebounds, 53 assists, and 41 steals.

Team members are: Row 1- Dacey Cutler, Row 2- Sara Sheldon, Sandy Pehl, Sheila Napton, Jenny Paul, Beth Torrence, and Joe Shetler. Row 3- Tom Whaley, Marianne Marttila, and Mandy Nixon, Row 4- Christina Olson, Steph VanOrman, Row 5- Tanya Bender, Row 6- Carla Sumption, and Lynnette Huettl, Row 7- Stephanie Paul.

VIKINGS

The FHS boys varsity basketball team jumped out to a good start this past season. They started the year 4-0 and ended the season at 9 - 8. With Ryan Bakeberg and Reed Mahlke being the only seniors on the team, the Vikings will have experience and talent for next year. These two seniors will be greatly missed. The team was led in scoring by J. Strand and D. Nickelson both with 15.9 points/game. In rebounding, J. Strand with 7.3 rebounds/game led the team. The Viking JV team also had a good year ending the season with a record of 13 - 4. They were led by J. Sumption with 13.9 points/game, and in rebounding by C. Gelling with 6.4 rebounds/game. The players on the JV team have gained experience that will be of great use in the future.

Success Football

The Junior High football team had a very good season this year. They were undefeated (5-0). Some of the players commented on the tough practices, in which there was a lot of running involved. When asked what the best thing about Jr. High football was, Chris Maunu replied, "You get to crush on people." Congratulations Jr. High football and, keep on "crushin'!"

Goals In Basketball

A team of six 7th graders and nine 8th graders the junior high basketball team was as good as to be expected. The two major goals of the team were to properly learn the correct fundamentals and to improve with each game.

An activity the junior high was involved with

included playing the sport among themselves. When asked who he most admired and why Chris Maunu replied, "Jim Sumption, because he is good!" I believe one of Mr. Shetlers favorite sayings is

"Its great to have someone to admire but its even better to have one closer to home." So with all the hard work, dedication and practice the junior high turned out to be better than expected.

Cheerleaders Combine Efforts

The 1992-93 FHS cheerleaders were faced with a few new changes this year. They had six Varsity cheerleaders instead of the traditional four. The cheerleaders were able to perform a couple of dance routines during half-time of the Varsity game. They started having bingo during half-time also. The last change was getting new cheerleading uniforms for the Varsity cheerleaders.

Usually, the Varsity and Jr. Varsity cheerleaders are in their own separate, little worlds when it comes to cheerleading at games. But, this year, the Varsity and Jr. Varsity cheerleaders got together and did some fun things. For example, the dance routines enabled all of the cheerleaders to work together and learn to keep the rhythm with one another. The Jr. Varsity cheerleaders were also able to participate in a couple of floor cheers with the Varsity cheerleaders. "It Doesn't Get Any Better."

Student Life

There was a new addition to Frederick's DC Lounge last fall. A new room was added to the west end of the DC Lounge. FHS students spend much of their time playing pool, video games, and listening to the variety of music provided by the jukebox.

FROSH OLYMPICS

Frederick tried something fun and new with the Freshman slave day this year. Instead of the FHS older students buying the Freshman and individually making them do embarrassing things, the whole school got to be a part of some exciting games against the Freshman class. Such activities included a licorice eating contest with the teachers and staff, a lifesaver pass with the seniors, egg races with the student council, an orange pass under the neck with the sophomores, and spin-on-the-bat with the Juniors.

Now, of course, the FHS students and staff had their ADVANTAGES. (Ha Ha) The Freshman also had the honors of getting whip cream all over their faces. But it wasn't over yet. The Freshman also had to sing the Beanie song whenever a senior wanted them to. Overall, it was a great time for the Freshman. "It doesn't get any better."

Top right: Jeremy has had his turn at getting creamed. Now it's Josh's turn to get creamed. "Sorry Roger, you'll have to wait for your turn."

BEANIE SONG

'I love my Beanie hat, that's where its really at. It makes me realize that I am a Frosh,
 Boom! Boom! Boom!
 Someday if I survive, I'll do the Senior jive. Yes sir I love my Beanie hat. Yes ma'am I love my Beanie hat.'

HOMECOMING

Homecoming week turned out really nice. Instead of slave day, we had Freshman Olympics, which went super. We had the tradition of dressing up the whole week. The two special dress up days were country-western and the 60's. Many people participated in it. But the seniors participated the most and were awarded with a pizza party. It was a windy night for coronation. The homecoming candidates were: Cheryl Gage, Joanie Maunu, Lee Maunu, and Carla Sumption for Queen and Ryan Bakeberg, Reed Mahlke, Tom Rexinger, and Rich Zens for King. The night ended with the crowning of Reed Mahlke and Carla Sumption by last years king and queen, Tony Maunu and Stephanie Myhra. The day after coronation, all of the classes began working on their floats. They were all really unique. The juniors ended up winning the contest. "It doesn't get any better."

VOCAL CHOICES

We had a very good Oral Interpretation team during the 1992-93 year. Although there wasn't a great number of participants, the team excelled. The students selected their pieces and put in a lot of practice time. The students had a new coach this year. Although it was Mr. Blasdell's first year at Frederick, he had plenty of experience to go on. The Oral Interp. team attended meets in Milbank, Aberdeen, and Huron.

Library Club

There was a tremendous turnout for Library Club this year. "It doesn't get any better." The students were a great help to Mrs. Brokaw and Mrs. Rollo. Their time volunteered in the library included checking out books and magazines, assisting any students that may require help finding materials, filing cards and books, and keeping the library a clean and quiet atmosphere in which to study. The students also had the opportunity to go to the elementary school and work with the grade school children. Storyhour involved reading stories to the children, a

question and answer session, and assisting the students in activities such as drawing and games. The time spent in Barnard was an enlightening experience for both the high school and grade school students. Overall, the 1992-1993 Library Club was a great success.

VIKING BAND

The FHS Band had an eventful year. The new uniforms were worn for the first time when the band marched in the 1992 Homecoming parade. Looking sharp in maroon and gold, they also participated in the NSU Gypsy Days parade. As a fundraiser to aid in paying for the uniforms, the band held a pizza sale. Students gave up a Saturday to help "build" the

pizzas. The sale was a success. Pep band played for football and boy's basketball games. The Christmas concert went well with the band playing various holiday selections. Early in February, the band students took part in a small-group recital. Some also went on to contest in mid-February. The remaining time was spent practicing pep band and preparing for Spring concert. All in all, it was a busy year for the Viking band.

Girls Ensemble Rates Superior

The number of chorus participants for the 92-93 year was quite high. At the start of the year, the chorus began to prepare for the 1992 Christmas concert. The first weekend in November the four All-State Chorus members traveled to Rapid City. When school resumed at the beginning of the new year, Miss Duenwald held try-outs for the girls ensemble. The nine girls

chosen were as follows. Altos: Sara Sheldon, Sheila Napton, and Heidi Marttila. Second Sopranos: Tanya Bender, Tracy Sheldon, and Marianne Marttila. Sopranos: Lee Maunu, Joanie Maunu, and Joely Larsen. The group received a 1- rating at the Region IV Small Group Contest held at NSU during February. The group is looking forward to a good concert in the spring.

Two New Queens Celebrate Title

Celebrate! That was the theme of the 1992-93 Frederick Snow Queen contest. The girls involved had no difficulty carrying out the them. Those competing for the Frederick Junior Snow Queen title included: Joely Larson, Jessica Ibanez, Jennifer Paul, Heidi Martilla, and Shiela Napton. The senior candidates were Cheryl Gage, Tara Bunke, Lianne Ceelen, Carla Sumption, and Stephanie Paul. The winners for the Freshmen competition were Jennifer Paul as first runner up and Jessica Ibanez was crowned Frederick Junior Snow Queen. Tara Bunke was voted as Miss Congeniality by the Senior candidates. Carla Sumption was runner up for the Senior contest. Stephanie Paul went home with the senior crown. The emcees for the evening were Dianne Cutler and Lyle Podoll. The Snow Queen candidates were escorted by the first grade boys. The ringbearers were Craig Larson and Kassie Storm. Stephanie Paul and Jessica Ibanez competed in the South Dakota Snow Queen Festival, which was held in Aberdeen. "It Doesn't Get Any Better."

Ryan Bakeberg, Corey Maunu, and Reed Mahlke put on a very creative skit.

Lee Maunu, Joanie Maunu, and Kathy Maunu sang a trio between the crownings.

Josh Myrha, Jason Strand, Don Nickelson, and Taylor Sumption had the crowd rolling with the junior skit.

Tanya Bender and Tracy Sheldon showed alot of talent in their duet.

Student Talent

The 1992 Snow Queen contest was filled with local talent. The FHS students put a lot of time and effort into making the contest a great success. Marianne Martilla played a piano solo. Tracy Sheldon and Tanya Bender sang "Sometimes Love Just Ain't Enough" by Patti Smythe and Don Henley. There was a trio consisting of Joanie, Kathy, and Lee Maunu singing "One Moment in Time" by Whitney Houston. Reed Mahlke, Ryan Bakeberg, and Corey Maunu had the audience rolling with "Seven Versions of Twinkle Twinkle Little Star." The Junior Class skit was also a great source of entertainment; Jason Strand, Josh Myhra, Don Nickelson, and Taylor Sumption acted out "The Real Pageant." The rest of the Junior class also helped out. Outside of the high school entertainment, there was some more local talent; Krysti Mikkonen sang a solo of "Something in Red." The FHS students and other talent showed their best side of the Snow Queen Contest. Their participation made the night to remember. "It Doesn't Get Any Better!"

TEEN INSTITUTE

This summer, a group of students from Frederick attended Teen Institute in Aberdeen. Teen Institute gives students an opportunity to talk about their problems and also gives them the chance to help their peers and improve their school.

TORCH

Six students volunteered to attend a TORCH meeting, with ad. Mr. Blasdel, on Oct. 14 at the Rankota in Aberdeen to support drug awareness in our school. The TORCH team is an organization of students, who show qualities of scholarship, citizenship, service and leadership.

SPANISH/IMPROV

Spanish has not been part of the FHS curriculum for two years. As a result nineteen students registered for Spanish this year. Because of the large amount of students they formed a Spanish Club. The Spanish Club meets once a month to further their knowledge of the Spanish culture.

The FHS Improv group spent a week this summer near Watertown. They learned how to portray everyday problems with peers. The Improv group has performed their "At Risk" skits at School Board and PTA meetings. The Improv participants were: Stephanie VanOrman, Ryan Bakeberg, Don Nickelson, Tom Rexinger, Paul Sumption, Jenny Paul Kathy Maunu, Tracy Sheldon and Mandy Cruse.

"Tell it to the Wall" was a TORCH/Improv project. Students could have their questions, opinions and experiences concerning alcohol and other drugs posted in the main hall of FHS.

DOESN'T GET ANY BETTER--CLASS OF 1993

Beatriz and Lianne show on the worldmap where they are from.

Dear FHS,

As the foreign exchange students for this year we would like to thank everybody for the great time we had here. For the both of us it was very different from what we were used to. We came from a big city in Brazil (Beatriz) and from the little crowded country of the Netherlands (Lianne). So we were a little scared to come to such a small school in such a small town "in the middle of nowhere", but it turned out to be great! The people here are so open and friendly, that it was easy to make friends. It will be hard to leave those friends behind at the end of the year, but we hope we'll stay in touch.

Love,

Beatriz Franco &
Lianne Ceelen

The foreign exchange students with their countries' flags, which were donated to the school and are now hanging in the assembly of FHS.

"Time is behind us, with us, and beyond us. But in this 1993 'Viking' time is captive. Today we see the present high school days as they are--full of fun and good times--and a little glance into the future which now seems like a distant dream. Tomorrow, in the reality of the future, this book represents memories and times gone by."
