# Senior Class Prophecy

One day I, Martha Sturm, decided to find the graduating class of 1960. They, having scattered to many parts of the world, were rather hard to locate.

After searching for a few days I found Joyce in Long Beach, California. She decided to settle there and start teaching a Boys' Physical Education Class.

I convinced Joyce to come with me to find the remaining members of the class.

We traveled to San Mateo, California, where we found Karen and Dennis. They were living in a trailer house and Karen was mixing up a cake for their ten children. While we were there we asked if she knew where Jane was. She didn't know the exact place to find her, because Jane was traveling all over looking for someone.

After leaving Karen and Dennis, we took off for Oakland, California, where we found Steve. He was training boys how to comb their hair.

Nevada here we come!! We reached Las Vegas where we found Allen. He was the bouncer at the Las Vegas Gambling Center. Don't bounce them too hard, Al!

We got out of Las Vegas while getting was good. We then went to Canada, where we found Larrie fishing and taking life easy, as usual.

We were close to our home state so thought we would see who we could find there. We found Paula directing the Aberdeen College Choir. All the kids were hitting high notes when Paula got through.

We heard that Wallace was doing really well at the School of Mines. He is now president of the college.

We then went to New York and landed on the top story of a skyscraper. We entered the office and found Dale admiring his beautiful art work. We didn't want to disappoint him so we each purchased one of his cheaper works for \$10,000 each.

We found Roy in the same building. He was sitting at his desk dreaming when we walked in. He was dreaming how he learned chemistry without studying and how he caught up on his sleeping. He did this during English class.

We then went to Boonville, Missouri, where we found Marcia and James. They were living in a two room apartment and have fifteen wonderful children. Marcia entered a beauty contest which she won. This was no surprise, because she was quite a title winner during her high school days.

We were unable to find Jane. She always said she wasn't going to give up looking for someone until she found him. Who could that be???

That sums up the graduating class of 1960. Joyce came along with me to my little ranch at Ft. Worth, Texas, then she went back to Long Beach to teach her physical education class.

## Boys Tour Minneapolis

A group of twenty-eight boys of the Frederick High School, Roger Kendall, Merlon Kotila, and Ervin Tooker left by bus on October 29, 1959, at 7 a. m. for Minneapolis, Minnesota, to attend a Grain Terminal Association tour sponsored by our local Equity Exchange and the Frederick Co-op Oil Company. They toured the GTA Feed Mill at Montevideo, the Grain Exchange Building, Minnesota State Laboratory, GTA Building, Ford Motor Company, and the Saint Paul Como Zoo. Some of the boys attended Cinerama and went to see Foshay Tower. They stayed at the Maryland Hotel and returned home October 31. The boys would like to thank the Co-op Oil Company and the Equity Exchange for making this trip possible.
