SHADE D

Well guess this is about the end of one of the most wonderful years of my life. It was very short, too short to be relived. I wish I would have had the honor of getting to know you much sooner. You wonderful, you've been so very good to me and I'll never forget it. You received a very frightened bunch of kids and we most assuredly are grateful.

Things will never be the same as they were between us while we were in school. You know that, no matter how very hard we may try. As years move along we will grow further apart, I know we will never want that to happen but it will. So I will do everything in my power to remember how things used to be.

FREDERICK HIGH SCHOOL  
DIPLOMA  
1960

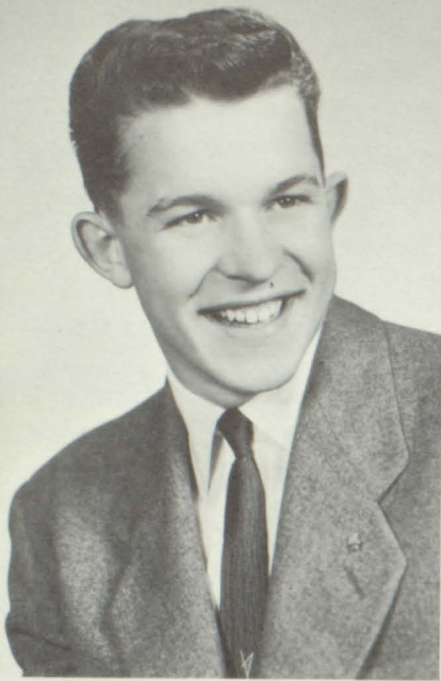

Staying with you was wonderful and I'm sorry if things didn't work out as planned. I guess I really made things rough for you all the way around. I'm so very sorry if I have ever hurt you in any way. And all the teasing, well that was because I love the people I tease. Forgive and forget the bad impression I gave you before I came up here and the worse one I am leaving you. Really I'm sorry for the things I've done. I could continue writing on and on forever. I could never stop writing to you and I hope I never will.

Kathy, God has blessed you with many things so please don't run yourself down because you are only hurting ~~himself~~ Him as well as yourself. Take care of that mother and the rest of the family there truly are people to remember.

# Senior Class History

Frederick High School opened its doors in 1957 for another ordinary year and in walked 12 green freshmen with hopes of achieving that far off diploma to be granted at the end of 4 years. They were Arthur Erickson, Delores Kopetsky, Donald Glover, Leila Larsen, Ronnie Dosch, Sharon Wolff, Dennis Maunu, Marjorie Reisdorph, Gaylen Larson, Sandra Thorpe, Ronnie Niva, and Irene Storm. At the beginning of the second semester Sharon Keator joined the class as a transfer student from Tacoma, Washington. There were still only 11 in our class as Ronnie Niva dropped out after the first semester.

Our freshman year was filled with uncertainty as to where we stood in the school but when we entered school the next fall as sophomores we had a little more confidence.

Sandra, Sharon K., and Marjorie didn't register our sophomore year. Sandra went to Thompson, N.D., Sharon to Minneapolis, Minn., and Margie to Ellendale, N.D. Irene Storm dropped out after the first six weeks and Ronnie Niva who had again joined our class dropped out after the first semester.

Our junior year started out with grand thoughts of the prom and only two years of school left. Larry Olson moved to a farm near Frederick and so we gained another boy and Marjorie came back making it 6 girls and 4 boys in our class.

Senior year! This year we were happy to welcome 7 new seniors to our class. Kay Walker transferred from Cresbard and Pat Prunty, Larae Podoll, Leroy Podoll, Shirley Broadbent, Janice Opsahl, and Linda Van Dover came from Westport.

# Class Prophecy

One day in 1976 I, Dennis Maunu, got lonesome for the members of my 1961 graduating class so I decided to look them up.

I decided to travel to the remotest parts of the world and found Ronnie Dosch in Egypt among the many Egyptian queens and dancers. He still hasn't found the right queen! Ronnie is starting a new type of chain store, Long Branch Saloons, in Egyptian neighborhoods.

After leaving Ronnie my space ship got off course and I landed in Mars where I found Leila Larsen teaching the Marsians the "earthly" way of life. How is it out there, Leila?

I took an American jet home from Mars and landed in Sweden where I came across Larry Olson. He was taking boxing lessons from Ingemar Johansen. Larry now holds the world's heavy-weight title!!

From Sweden I went to Finland and found Art Erickson. He is now a famous scientist and does studies on the ice. Well Art, they laughed at Einstein too!

Being so close to Spain I decided to go there and I found "Butch" Podoll a famous bullfighter. Butch draws quite large crowds--of girls that is!

I left Spain and then went to England and decided to visit the Queen. Of all things, I found Linda Van Dover as her royal attendant.

Upon leaving England, I crossed over to Ireland where I came across Janice Opsahl who was instructing her husband how to plant their 3,000 acres of potatoes.

I was tired of traveling in foreign countries so I came back to the U.S.A. I happened to dock at New Orleans where I found Margie Reisdorph directing a stage show of dance hall girls. She was doing a very good job!

I then decided to go to Texas where I found Gaylen Larson who had bought a 60,000 acre ranch. Gaylen had decided to raise cockroaches instead of Texas Longhorns.

As long as I was in Texas I decided to travel through some of the other states and I found Delores and Roy on an Arizona desert where Roy was running his private airbase for small planes in distress. Delores was busy doing all of the book work for her husband and the governor of Arizona. She did this in addition to taking care of their 11 children.

I then decided to go to Cuba where I found Donald Glover campaigning for the dictatorship of Cuba. He was thinking of a way to start a revolution. Good luck, Donnie!

After leaving Cuba I went to Bermuda where I found Shirley Broadbent on the beach sunning herself in front of one of the famous Broadbent Hotels.

From Bermuda I went to Florida where "Tootie" Podoll was on a farm in the Everglades. She, her husband, and 15 children are raising crocodiles. How's it going, "Tootie"?

I then decided I would like a little cooler atmosphere so I flew to Nome, Alaska, where I found Sharon Wolff nursing the Eskimos. Once in a while she plays the part of Mrs. Santa Claus!!

After leaving Sharon I had the urge to see China and there I found "little old Pat". She was teaching the Americans that were in China how to eat with chop sticks. She was also doing a good job of teaching the Chinese the American rock-'n-roll. Very good Pat!

Upon leaving China I ventured down to some of the Pacific Islands. Here I found Kay, and to my "astonishment", she was teaching the servicemen--well, that certain branch--table manners and poise. She really has a way of going about it, they really listen to her!! She's very successful with it too.

After getting over the shock of seeing all of my old classmates I decided it was time to go home. When I speak of home I mean good old Frederick, South Dakota, where I am an English teacher in Frederick High School.

These boys will be missed the coming year but undergraduate prospects are good.

I, Shirley Broadbent, will my ability to get along with boys to whoever wants to have boy troubles, Good luck girls!

I, Ronald Dosch, will my last name to which ever girl hangs onto it the longest; and my ability to get along with Mr. Tyrrell to Mike Wilson.

I, Donald Glover, will that certain charm of mine that attracts girls to Brian Catlette. Hope you have as much as I did Brian!

I, Delores Kopetsky, have only one important thing to will, and I have no intention of giving him up. I also will my typing and shorthand ability to Keith Podoll hoping that he will make a good secretary.

I, Leila Larsen, will my ability to study and to keep my mouth shut to Gaylen Humphries, especially in the second period study hall.

I, Gaylen Larson, will my little black book to Matt Mikkonen hoping that he will make the rounds as well as I did. By the way, how's it coming Matt??

I, Dennis Maunu, will my ability to read magazines in the study hall to Patsy Glarum. Some of those magazines are pretty good, Patsy!

I, Larry Olson, will my white bucks and white shirt to Darwin Maunu. Come on Darwin, look sharp!

I, Janice Opsahl, will my "hot-lips" to Darlys Rexinger, and my ability to flirt to Shirley Henry.

I, Larae Podoll, will my Ann Landers desk to Kathy Smith in hopes that she gives everyone the right answer.

I, Leroy Podoll, will my study halls to Gregg Wiitala hoping that he will be a greater nuisance than I was.

I, Margie Reisdorph, will my size 4-1/2 shoe to Bob Prunty.

I, Sharon Wolff, will my gossip desk in the Senior row to Tracy Kotila, hoping that she will talk as much as I did.

I, Arthur Erickson, will my weird sense of humor to Carol Strand.

I, Linda Van Dover, will my ability to miss school to whoever wants it!

I, Pat Prunty, will my ability to stay in town and work on the annual almost every night to the next person who wants to stay and "work".

I, Kay Walker, will all the good times and fun I have had in the great school of Frederick to whoever wants it.

We, the Senior Class of 1961, will to the faculty, the other three classes of Frederick High School, in hopes that they are able to get them through with as little trouble as we got through, and make them behave as well as we Seniors have.

Dear Kathy,

Here's wishing <sup>all</sup> the luck in the world to a really great pal! I really don't know what I would do without you, you JERK! (sarc that is) It's been wonderful having you for a friend all these years. It hardly seems possible that I won't be around here after next year, it almost makes me cry to think of it. I hope you never forget all the times we have had together. Happy + sad! Cheerleading, working in the store, going to ball games, fighting with people, feeling sorry for ourselves, and many, many other things. Our memories hurt now, but maybe someday we will be glad to remember them. I know you think I am a little daffed at times, but maybe someday I'll grow up! I shall never forget our sad + happy times! May we always be friends!
