## Staff Selects Unique Theme

After hours of sorting through theme ideas on the Internet and discussing what would be unique about the 2006 yearbook, the staff met with Josten's representative Monte Rougemont to finalize their theme selection.
"We want something unique; something no one else has done," explained the five senior girls on the staff.

The girls found what they wanted when one of them mentioned "Snapshots"... They pondered "in black and white", but settled on just "Snapshots", since they planned to fill their book with pictures.

So, here it is: the 2005-06 school year in
"Spapshots"I

What is your biggest fear about graduating?
about graduating?
Joel Torsence
Not knowing that I
will be able to keep in touch
with my friends.
My biggest fear
Mynas Rumen
My about graduating is not knowing if I have chosen the right major or college.

I wort have mom
around to cook and dean and do my laundry for me. I guess I'll miss
friends, too.

My biggest fear about gradyacting is not knowing where I am going or if I will succeed in what I have chosen; also not being familiar with my surroundings in a new, sometimes intimidat- ing, place.
Ryan Bergan
My biggest fear about
graduating is
tripping on stage while receiving my
diploma.

## Savor

Fourteen seniors apbroached their final year of high school with mixed emolions.
"I like the idea that we are going to another stage in our lives...but there's a lot of apprehension ... about facing what lies ahead," explained Kelsea Barondeau.

Conley Hertel added, having little kids look up to you," when she considered the perks of being a senior, but the thought of making all those decisions about the future and leaving her friends and family were aspects of graduating that did not appeal to her.
"You realize you are not a child any more and you look at the future more realistically," noted Ericka Newcomb.

Reva Graves summed up her feelings about senior year by saying, "What I like most about being
a senior is the satisfaction of knowing my high school career has almost ended and l've accomplished a hurdle in my life!"

The senior privilege of signing out last hour was a highlight of the year for everyone in the class. However, added to that privilege was the stress of deciding what would come next, applying for scholarships and making choices in general. Along with these "extras", senions still had the responsibilities of their classes and extracurricular activities.
"It's still a lot of work," noted Lyndse Ruenz, one of six girls who completed colloge classes from Presentadion during what would have been a study hall. Tracy Elsen, who also graduated with nine college credits added that the classes were harder.

Megan Dutenhoffer explained, "This year is a lot more stressful than last."

"Friends": Kelsea Barondeau, Corley Hertel, Lyndse Ruenz, Ericka Newcomb, Reva Graves, Megan Dutenhoffer, Tracy Elsen and Diana Huettl share the memorable lyrics from "At The Beginning" during the graduation program. The girls wanted the entire class to do the song, but ended up singing on their own.

to be a ballet dancer just like my big sister.
(She 's my inspiration!)

Juniors

Junior's responsibilities increased this year with the duties of planning prom and operating concession stands.

Most juniors agreed that they were excited they have only one year left. Other juniors were excited to reach the status of upperclassmen. enjoyed taking a variety classes. English and US history were the only two required classes. Others enrolled in pre-calculus, Spanish II and chemistry. Electives included vocational, journalism, accounting, band and chorus.

Thoughts of careers and colleges entered students minds this year.

Juniors shadowed a variety of occupations in the spring. Nurses, bakers, teachers, mechanics, meteoroologist and many other jobs
were shadowed.
"Shadowing gave me a better idea of what sort of career I want to pursue. I really enjoyed learning the different responsibilities of a radiologist and a registered nurse when I completed my
shadowing experience," comminted Brooke Haas.

Juniors fundraiser throughout the year with concession stands to decorate for prom. The Class of 2007 changed the menu, adding Papa Murphy's pizza to the traditional popcorn, candy and pop.

Prom discussions began during the beginning of the year, even though prom did not actually take. place until April 8. Marty Morlock and Jackie Brokaw advised juniors. Parents planned post prom with prizes and games.

Prom Committee: Eight juniors led their class in making decisions concerning the 2006 prom. This group was responsible for final measurements and ordering decorations as well as keeping everyone working together.

If you could meet anyone, real or fictional, who would it be and what would you say to them?

## Matt Foisting

I would have liked to have met

Jim Hendrix before he died. If I could meet him now I would just like to tell him how big of an impact he had on

Superman, I wish I had your powers, but I know I couldn't do what you do, so just keep being a stud. You are my one and only hero.

Taylor Christiamon
I would like to meet Pedro
Martinez. I would ask him if he likes it better in New York or Boston, how his year has been going, and if I could get his autograph.

Freshman 14

## Freshman <br> Few Find Differ

Sixteen new students entered high school as freshmen, but few of them noticed many differences from their two years of junior high.
"We come to school to learn no matter what grade we are in," commented freshman Wyatt Sumption.

Most of the ninth graders were satisfled with the fact that they could officially say that they were in high school. Sewaral of the students also enjoyed moving up to high school sports and other extra-curricular activities.

Classes for the freshmen were new in subject matter, but were still part of the core curriculum. All of the ninth graders were require to take certain classes
including geography, art, life science, English, Algebra I and MOUS. Band and chorus were the only two class options that were not a mandatory part of the students' busy schedule.
"We don't get a lot of choices for classes when we're freshmen," noted Kelli Hart. "But most of our classes are good...we're learning what we need to build on the next three years," she conclued.

As a group, freshmen brought a very laid back approach to high school life.
"We're not the kind of class to stress over anything," said Matt Jung. "It's not that we aren't capable, we just don't let things get to us."

Elizabethan Technology: Caitlin Winter and Wyatt Sumption share earphones as they watch Shakespeare's Romeo and Juliet. Besides reading Romeo and Juliet, the English class also learned about Shakespeare's life and times.

## Junior High <br> $a$ <br> Statement

It's been said that the junior high years are the toughest a student goes through. However, this year's seventh and eighth graders listed several aspects of junior high as the "best" part of the year.

Moving from class to class appeared to be the biggest plus of the sewenth and eighth years. "I like the fact that we get to move from class to class, instead of sitting in the same spot for each class. It gives us a chance to move around, stretch out, see our friends and get a new teacher," explained Ashley Feser-Kassa, seventh grader. Another "best" of junor high was the open noon hours, which allowed the students to go downtown after they finished lunch.

Tim Engelhart felt
that the best part of junior
high was that he could drive to school so he didn't have to ride the bus. Although most students named at least one part that was their least favorite, Cali Crawford asked, "Worst part?! What worst part?!" ?

Stefan Sumption noted that individual band lessons could be challenging, while Erin Wolter felt getting to classes on time and lugging a ton of books around was often frustrating. Chelsy Podoll added that a drawback of the junior high years was individuals being labeled because of the way some class members act.

One thing that everyone seemed to agree on was that just because they were in junior high, that did not eliminate any of the homework and Rance Maddocks added that it was harder.

Planetary Alignment: Eighth graders carefully listen as teacher Jaime Neuendorf lectures over the history of the solar system. Eighth grade science was based on the study of earth and space and branched into the composition, formative processes and history of the universe, solar systems and earth.

Eighth Grade: (Back) Dustin Storm, Kris Tunby, Cole Truebenbach, Chelsy Podoll, Justin Vetter (Middle) Jamie Parsons, Matt Haas, Matt Heine, Rance Maddocks, Lee Brixey (front) Bryson Geffre, Tim Englehart, Micah Christianson, Toby Dallenbach. (not pic: Dusty Johnson)

Fiesta: Angela Goodall, Chelsy Podoll and Caylee Hertel enjoy helping with their first girls basketball fundraiser. Titans host a dance annually to raise money for camps. Homecoming Premiere: Austin Minard, Derek Barondeau and Brandon Haas work on the construction of the first float the seventh graders have constructed.

Seventh Grade: (Back) Andrew Perleberg, Krista Stoddard, Chelsey Zinter, Derek Barondeau, Steven Taylor, Austin Gunther, Casson Campbell, Shannon Maunu (Middle) Rachael Ham, Calli Crawford, Brandon Haas, Tyler Sumption, Austin Minard, Caylee Hertel (Front) Cody Melhaff, Ashley Feser-Kassa, Brianna Helland, Angela Goodall, Spencer Rall, Stephanie Sumption, Erin Wolter.

8th Grade Officers: Toby Dallenbach, vice president, Rance Maddocks, president, and Dusty Johnson, secretary/treasurer, are the eighth grade class officers. One of their main responsibilities was planning a float for Homecoming.

7th Grade Officers: Calli Crawford, secretary/treasurer, Brianna Helland, president, and Angela Goodall, vice president, represent the seventh grade.

## Advancement

| Devin Fin |
| :--- |
| -Ord Grade |
| MY DREAM PET IS AN |
| ARMADILLO NAMED ARMS! |

From kindergarten to sixth grade, students learn and grow more than at any other time in their schooling.

As innocent young five year olds, they start their public school training. In kindergarten they are faced with a barrage of new concepts. From writing their names, to learning letters, to reading books and completing math problems, everyday is a new adventure in educedion.

Kindergarten teacher Tonya Linter says, "Watching students adapt to a group of new friends and structure is an interesting and somewhat challenging adventure."

First, second and third grades build on the basic concepts introduced in kindergarten. Students advance to writing sentences and paragraphs and gain an understanding of advancing

math, including working with fractions. These lower eldmentary classes build a solid foundation on which students' knowledge grows throughout their lives.

By the time the classes progress to fourth, fifth and sixth grade, they have become proficient in many areas of study and have learned study habits that will allow them to continue absorbing and understanding new concepts.

$$
\mathrm{E} \text { ac } \mathrm{h}
$$ group is housed in their own classroom, but they do move from room to room as they attend computer, art, physical education and music classes during the day.

Elementary teachers utilize a variety of programs to supplement their curriculams, including ORCHARD, which uses the computer to reinforce math and reading.

If you could go back in time and be a part of any event in bistory, what would it be and why?
Carma Ruenz

Several...not far back though. just back to enjoy and immerse myself in the "time" knowing what I know now! I would go back to when Elvis was alive and go to a concert...to the early years of Princess Diana and soak up her rise to fame...and to the Kennedy years, even though I was very young, and appreciate the US's "Camelot."

Sarak Sunption

Little House on the Prairie Days. I want to live in the country. No electricity, teach in a one room school house...

## Mark Stoks

Elizabeth Labesky

The Emancipation of slaves. The whole idea of buying, selling and owning human beings is absolutely barbaric, not to mention how terribly they were treated. The way Africans were stolen from their tribes, homes and villages and packed on ships in such filthy conditions is unconscionable.

## Rence Brooks

I would like to go back to 1979. This is the year I began teaching. Although this is not a great historical event for anyone but myself, I would love to begin again with the knowledge I now possess.

## Reffects

Looking back on a school year, a question that is frequently asked is what was the best and what was the worst? When Frederick Area staff responded to this common query, a large percentage of them couldn't even come up with a "worst", which would be an indication that the 2005-06 school year went smoothly for the staff.
$R$ e $n$ e e Brooks, who taught 16 first graders, insisted, "I have NO bad memories! HONEST!"
"I try to forget any bad memories," explained CEO Randy Barondeau, "They only fog up the pleasant ones."

Sarah Sumption, science teacher, listed the same answer for the best and worst parts of her year: "Being pregnant!" (Best-"how exciting"; worst-"aches and pains"). Mrs. Sumption was one of four teachers who
were pregnant with their first babies this school year. Amber Haselhorst, third grade teacher, had her daughter Morgan in October; Carrie Weisenburger, special ed teacher, had Michael, her son, in January; Mrs. Sumption had her daughter Laura in March and Jamie Neuendorf, junior high teacher, had her son Easton at the end of May.

Kindergarten teacher Tonya Zinter had a unique best memory, as she was chosen for the Scholastic Teacher Advisory Board and attended a seminar in New York. She also received a box of free books for her room, as a result of serving on this board.

Other best memories involved positive projects in individual classrooms, but Lynnette Hertel, math teacher, summed up what every teacher feels: "Every day a new memory is made and I cherish them all."

Teacher Training: Marty Morlock, Jaime Neuendorf and Mark Stoks listen intently during a physical education workshop. The teacher training was designed to inform teachers about new ideas and methods to utilize the community health facility in their various classes..

Free Books: As the excited kindergarteners look on, teacher Tonya Zinter opens a box of free books from Scholastic, which she earned being part of the Teacher Advisory Board.

Boxes of Love: Lyndse Ruenz and Diana Huettl display the order boxes they created when Journalism III sold carnations. The fundraiser helped purchase a new camera.

Little Help: Journalism I students Shari Elsen and Blain Mikkonen share their writing skills, as they help kindergarten students complete a writing project for a contest.

Journalists Dublish Works

Just over 50 percent of students enrolled in journalism classes, publishing stories for the weekly newspapers, the school newsletter and the 2006 yearbook.

Senior Corley Hertel commented, "I'm really glad I had the opportunity to be in journalism class for three years. We learned a lot about writing and design. Getting the news to the community was challenging,

Sticky Situation: Covered in labels, which seven juniors used to distribute newsletters, the Journalism II class exemplifies their ability to stick to a project and to stick together.
but yearbook was our most fun activity," she concluded.

Students began their Journalism I studies as sophomores, writing stories which were submitted to local newspapers each week.

After completing Journalism I students advanced to Journalism II, publishing the newsletter, which comes out each month and concentrates on advanced news.

Junior Cody Gustafson stated, "Journalism has been a lot of fun, considering I am the only guy along with six girls. I never
wanted to know as much about girls as I do now."

Five Journalism III students have the responsibilities of designing and publishing the 2006 yearbook.

Megan Dutenhoffer, Corley Hertel, Diana Huettl and Lyndse Ruenz were the first Frederick students to complete three consecutive years of journalism. Tracy Elsen rounded out the yearbook staff, which worked into the summer to complete the 2006 book. Journalism 25

Logical
Thinkers

Justin Hart Ethan Emery Carson Ellwein Julia Mamleeva Blain Mikkonen

Science Sticks: Justin Hart, Alex Hart and Lyndse Ruenz have proof that what they learn in chemistry class "sticks" with them for life!

Fishy Subject: An officer from the Game, Fish and Parks Department explains details about fish habitat to the eighth grade science class.
Work Out: Cody Gustufson takes no time to figure out a math equation in precalc

Farewell: Five chemistry students, Corley Hertel, Brooke Haas, Lyndse Ruenz, Diana Hertel and Christa Haas observe Judy Brestch's last day of substitute teaching. Mrs. Bretsch covered science classes when Mrs. Sumption was on maternity leave.

Elementary Presentations: Kelsea Barondeau, Julia Mamleeva, Kelli Nixon and Carli Ellwein utilize their science board information during a presentation to first grade students. This project was part of the curriculum for chemistry class.

"Eggs"periment: Chris Paulson struggles to get an egg out of a glass jar during a science lab. Labs enhanced what students covered in their texts.

It

Adds

Math/Science Encourage Logic

Science and math offerings, not only kept students up to the state standards, they also encouraged local thinking.

A number of sciences were offered, including physical science which was taken by the freshmen. Freshmen studies ranged from rocks and minerals to different earth activities.

The sophomores kept busy this year dissecting and learning about plants, cells and animals as they tackled the basics of biology.

Chemistry was a new class added to the curriculum for juniors and
seniors. The chemistry students learned about balancing equations and also completed a variety of experiments.
"I'm glad we got to take chemistry, although taking both chemistry and physics was challenging," noted Diana Huettl, senior. Six students were enrolled in a DDN physics class.

Math challenged freshmen as the group studied geometry where they learned the basics of measuring angles and shapes.

Algebra Il was offered this year for grades 10-12. The stu-
dents learned an advanced continuation of Algebra I.

Pre-calculus was also offered this year for students in grades 11-12. During the course of the year the precalc students freshened up on their mathematical and trigonometry skills.

Students who excelled in the various math classes participated in two math contests: the LRC and the annual contest at Northern State University. Both were held in Aberdeen.

Moth/Scionce 27

## Facing Facts

Mike Newcomb Ryan Bergan Christa Haas
Taylor Christianson Reva Graves

Social Science 28

Learning History: Julia Mamleeva, Kelli Nixon, Brittany Schlosser, Travis Hart and Trevor Perleberg absorb and organize historical facts as the information is presented during a lecture in American history. This was a required class for all junior students.

Visiting Pierre: Senior Teddy Yde pauses outside the Visitor Center as a Canadian goose wanders over to check out the new visitor.
Know Your World: Sophomores prepare to take notes during a lecture in world history.

Feed the Birds: Feeding the geese in Pierre was one of the highlights when the seniors visited the capital city as part of their government studies.

Take Note: Mr. Morlock uses the overhead projector to expedite the note-taking process for juniors during an American history lecture.

Meeting the Challenge: Teaching social science requires Marty Morlock to review and discuss facts with students.

## Studying the Standards

 social science offerings Challenge studentsEstablishing motivation in the social science curriculum can be a challenge, as students question why they need to know what happened years ago. The basic answer, of course, is because it's required, but taking a look at why it's required often sets the standard for learning the materials covered.
"Students need to learn history because knowing what's come before them makes them better citizens. They will be the leaders of our world in just a few short years. They need the information to make them
good, concerned citizens," explained Marty Morlock, who has been teaching social science classes at Frederick for the past four years.

Geography, which covered location, place, human/ environment interactions, movement and regions, and world history, an overview of the history of North America, fulfilled the freshmen and sophomores social science requirements.

Juniors tackled American history and seniors enrolled in a semester of government.
"Originally we Escial Science 20
were going to take government all year, but then the second semester was changed to get all of us in a physical education class. I was disappointed. I liked government. It made sense and I could see the reason for learning the material," said senior Lyndse Ruenz.

A highlight of government class was the traditional senior trip to Pierre. The class left in the early morning and returned around 11 p.m. after seeing the legislature in action.
(2)

Calli Crawford
Shrylle Mikkonen Blain Mikkonen Alex Hart Wyatt Sumption

Read Aloud: To appreciate the poetry of Robert Frost, the juniors read his poems aloud during their English class.

Active Vocab: Freshmen Ally Worthy and Katy Groop work on vocab packets, which they completed to prepare them for standardized testing.

Senior Memories: Jesse Brooks works on Chapter 12 of his senior memory book. Each senior completed a multichapter book covering various aspects of their lives.

Speaking Out: Information about the new movie "Troy" provides Shari Elsen with the basis for her informational speech during 10th English.

Classic Novel: Steinbeck's The Grapes of Wrath occupies seniors. Presentations about the Dirty 30 's provided an introduction to the classic novel.

Test Time: Sophomores Raine Bornemann, Jamie Hart and Shari Elsen work to complete an English test in their second hour class.

## selections Canture Andiences

Literature, writing and speeches were the main genres students expected when they considered English classes, and throughout their high school careers, they covered all of them.

Freshman started out the year practicing persuasive writing for their standardized writing test in October. During the year, they completed two quarters of writing. The remainder of the year concentrated on literature, including Shakespeare's "Romeo and Juliet" and Steinbeck's Of Mice and Men.

Speeches kept
the sophomores busy during their first semester. They presented several types of speeches to prepare them for the future. Second semester found them covering literature, including short stories, plays and poetry.

Literature and writing assignments moved the juniors through their third year of English. Classic novels, including To Kill a Mockingbird and Lord of the Flies were studied in depth.

The junior curriculum also included practicing for ACT testing and shadowing.

Seniors finished
their last year of high school English by reading Steinbeck's classic, The Grapes of Wrath. The group also covered early English literature including Beowulf and Shakespeare. Writing for the World of Work was a unit they completed to help prepare them for life after high school. Senior memory books were their culminating activity.
"Everyone is finished and they did an awesome job with their memory books," said Teacher Jackie Brokaw.

English 31

## Cool <br> Compu\#ers

Sam Reimer Dustin Storm Nathan Maunu Erik and Kelli Nixon Allie Worthy

On-Line Info: Reva Graves Ericka Newcomb and Joel Raynor input up-to-date information on the school's website. This class faced a never-ending task as information changed daily. The school's website included a current copy of the newsletter, as well as other information for parents and students.

It All Adds Up: Blair Truebenbach checks her accounting. Get It Right: Justin Vetter proofreads a computer project.

Numbers: Keeping every number in its correct column challenges Travis Dallenbach, as he checks out the procedure for basic accounting practices.

Concentration:
Nathan Maunu and Ashley Gunther work on a MOUS assignment. The program teaches built-in Microsoft software to students.

Busy With Business: Junior Mickey Schlosser works to complete his business math assignment during first hour.

## Going High Teck

## Business \& Computer Classes Keep students Current

Computers and business class continued to evolve and grow as students and teachers kept pace with new systems, software and techniques. However, one of the biggest changes in the computer and business departments did not involved equipment, but personal. Sue Maunu, who had taught business classes for several years retired and Janelle Barondeau moved into that position, while Lynnette Hertel took over many of the computer course formerly taught by Mrs. Barondeau.

Mrs. Barondeau
continued to teach junior high keyboarding. A highlight for this group came when the eighth grades wrote letter to other junior highs across the United States for the annual Mail Race.

Mrs. Barondeau also taught business math and accounting. Mrs. Hertel taught freshmen MOUS, where students learn and use Microsoft PowerPoint, Word, Excel and Access built-in programs. Also later in the year, they learned to use Palm Pilots.
structed Webpage Design and Visual Basics. In Webpage, students learn to use Microsoft FrontPage by creating and editing websites. The class was able to remake the Frederick High School website, despite having only four students. Visual Basics is offered the second semester and the students write programs using a specific software application. Students who excelled in these class competed in the annual NSU Business Contest.

## Showcasing

Talents

Kelli Nixon Caitlin Zinter Matt Jung
Megan Dutenhoffer Carson Ellwein

District Action: The saxophone section concentrates on their music during the band's performance at boys districts. They played for the championship round.

All-State Concert: Chris Achen, Joel Raynor, Shari Elsen and Tracy Elsen make up the All State Quartet. They survived a spot check and enjoyed their trip to Sioux Falls.

Jr. High Honor: Angela Goodal's musical talent and dedication earned her a spot in the junior high all-state band.

## Create-Perform-Present

## Creations Challenge Artists

If the art and music departments of Frederick School had to sum up the year in one word it would be "eventful".

Along with teaching students the basic principles and elements of art Ann Wampler, K-9 art instructor, also introduced students to different media and designs.

Receiving the opportunity to attend the All Dakota High School Fine Arts Exhibition at the Granary was a highlight for freshmen in art.

Both band and chorus were offered as extra curricular choices for 7-12. With a large group of incoming sev-
enth graders the band reached a record high membership, which prompted the ordering of new uniforms for the marching band.

Late in August the group started practicing for the Homecoming and Gypsy Day parades where they sported their new navy blue and white attire.

Members of the band also had a chance to watch other area high school bands perform when they attended a parade of bands in Waubay.

Music students stayed busy with theirparticipation in the an-
nual Christmas and Spring Concerts, which were directed by Liz Labesky.

In early May two charter busses filled with band students and chaperones traveled to Colorado for a weekend of sightseeing, roller coaster riding and memory making.

Stops on the agenda included Pike's Peak in Colorado Springs, the Olympic Training Center, the Air Force Academy, a Melodrama, ase Bonita and a day at Six Flags in Denver.

Inferests

Blain Mikkonen Teddy Yde Renee Graves Chris Lindquist Corley Hertel

Write On: College comp, taught over the NCAl system, allows these eight seniors to get a head start on college credits. Some seniors also enrolled in Comp II and algebra, allowing them to graduate from high school with nine college credits.

Quick Cram: Brittany Schlosser crams for her Spanish II final during lunch hour.
Spanish Snacks: The Spanish II girls experienced a tapas bar full of Mexican appetizers.

Super Students: Senior Ryan Bergan and Junior Casey Dennert both received "Student-ofthe Quarter" recognition, based on their grades and attitudes, in their vocational classes.

Computer Crafts: Foreign exchange student, Julia MamIveva, utilizes the lap top computer during mass media class to create game highlight tapes for various sports.

Sluggin' Out The Door: Junior Mickey Schlosser heads out the door for the trip to Aberdeen to attend vocational classes.

## Courses Sumplement Curriculum

A variety of options outside of core classes were available to high school students. These classes included mass media, vocational, college comp and algebra and Spanish I and II.

Students in mass media were Jesse Brooks, Alex Hart, Justin Hart, Reva Graves and Julia Mamleeva.

Both juniors and seniors could opt for vocational courses. Ryan Bergan, Teddy Yde, Joel Torrence, Casey Dennert, Chris Achen, Erik Nixon, Mickey Schlosser, Brandon Taylor, Travis Dallenbach, Travis Hart
and Trevor Perleberg spent two hours at classes in Aberdeen.
"It's awesome to get out of school for a couple hours. We learn some cool stuff down," said junior Casey Dennert. The students left Frederick at 11:30 a.m. and returned at 2:20 p.m.

Spanish I class included the majority of the sophomores, while only five juniors attempted Spanish II. Students involved in their second year of Spanish were Carli Ellwein, Shrylle Mikkonen, Kelli Nixon, Brittany Schlosser and Blair Trubenbach.

Both Spanish I and II originated at NSU and were sent via the DDN

Three seniors, Tracy Elsen, Diana Huettl and Lyndse Ruenz, graduated from high school with nine college credits after completing two sections of college composition and an early morning college algebra class. Megan Dutenhoffer, Corley Hertel and Kelsea Barondeau joined the three during both sections of comp and Jesse Brooks, Alex Hart and Joel Torrence completed one section.

Electives 37 O)

Offense: Titans players use their best strategies in an attempt to get the ball passed the Wildcats' defense.
Defense: The Titans employ timely tackles to stop the ball from advancing down the field.

Rain, Rain, Go Away: A brief, but intense, rain shower added to the drama of the Ti tans last football game. Actually, the rain probably bother the fans more than the players, as they enjoyed the chance to tackle and slide in the mud.

## TITANS FOOTBALL

As the 2005 football season came to an end the Titans record stood at 2-6.

Assistant Coach Marty Morlock stated, "When coaching you try to teach the kids a lot of things, from teamwork to perseverance to general good work ethics to leave behind a legacy. In 20 years some people are going to be able to look back and spout-off some number about our high school team...both the win loss record or individual accomplishments." He added, "What I hope, over all of the accolades received, is that the people and the athletes remember the legacy they left behind."

He continued, "How do you created a legacy worth remembering? It is the obstacles you overcome in your quest for your goals. Our team had to overcome many mountains even before the season started. Trying to replace individuals that we lost to graduation, as well as overcoming broken bones. Throughout the season we won some games people didn't give us
a chance in and lost some that we should not have."

Coach Morlock concludeded, "The team that we ended that season with was individual athletes that I was very proud to work with. They faced a lot of adversity and left a legacy that they can be proud of"

Seniors on the team were Layne Guthmiller, Ryan Bergan, Alex Hart, Jesse Brooks, Joel Torrence and Josh Taylor.

Jesse commented, "Since it was my senior year of football I would have liked to make it further."

Juniors included Jerame Frank, Burt Daly, Caleb Schaffer, Corey Pudwill, Nathan Brandner, Josh Whetham and Chris Achen.

Christian Christianson, Eric Yost, Matt Waltman, Austin Schaefer and Matt Huettl were the sophomore players.

Freshman players were Mike Newcomb, Joe Klipfel, Matt Jung, Tyson Meyer, Tyson Meyer, Jack Daly, Carson Ellwein, Wyatt Sumption and Taylor Christianson.

Four By Four: These four senior boys have participated in football for all four years of their high school career. They are Joel Torrence, Alex Hart, Jesse Brooks and Ryan Bergan.

Time Out: Head Coach Mike Waltman calls a time out to strategize a new game plan for the Titans in the Northwestern Wildcat game. The second half of the game was played in rain, as the Titans lost their final regular season game.

Smile For the Camera: Mikayla Barondeau pauses for a quick picture before heading to the bus for a ride to the next meet.

School Spirit: Painting windows of family vehicles, as well as school vehicles, before heading to the State Meet has become a tradition for the Titans over the last few years. Shari Elsen, Mikayla Barondeau and Renee Graves add their creative touches to Elsen's van prior to leaving for the meet.

## Sports Section

## TITANS

As the 2005 crosscountry season wrapped up, the Titans earned second at regions in the girls division, sending the entire girls team, and two members of the boys team to State 'A' competition.
"Our girls had an awesome season! Our top three runners were almost untouchable team-wise. Their efforts over the summer and during the season really paid off. What a treat to coach!" commented coach Janelle Baroundeau. "The boys ran pretty well throughout the year. We were pleased to have two of them qualify for state."

As far as the girls go Coach Baroundeau added that a goal the girls team has had for the last two years was to win two conferences.
"We were finally able to do that this year," she added. She explained that as a team the girls were very happy as they met the challenge of beating past rivals, Hoven/Edmunds Central and Ipswich.

Two conference titles
were not the only hardware brought home by the Titan girls; their hard work also earned them trophies from four other meets including the Faulkton Invitational, the Bob Salmi Meet, the Milbank Invitational and the regional meet.

In addition to team accomplishments, the Titans also had individual success throughout the season with three girls regularly placing in the top 10. Mikayla Barondeau was the Region Champion runner and placed 13th at the State Meet, while her sister, Kelsea, placed 22nd.

Coach Baroundeau also commented on how the junior high times have improved compared to where junior high runners were at in past years.
"I am very sad that this cross-country season is over," commented Shari Elsen, a sophomore varsity runner. "However, I know that our whole team will be working very hard over the entire off season to stay in shape. So I know our team will just keep improving! I can't wait!"

## Senior Pride:

Being the only senior on the team gave Kelsea Barondeau a lot of responsibility. She has been dedicated to cross country for six years, making her a leader and role model for the rest of the team.

Young Team: These members of the Junior High Cross-Country represent the future of the program, which appears to be going strong!

Eyes on the Prize! Christian Christianson concentrates on the finish line as he competes at the Faulkton Invitational.

Sports Section

TItans

At 25-4 the Titans volleyball team posted their best season record in volleyball history at FHS. Enroute to this record, the Titans won the YTC (Yellowstone Trail Conference) tournament and the District 2A contest. This was the Titan's first year as a Class A team.

Their only four losses were to teams who placed first, third and sixth in the state tournament in Class A and B .

Even though the Titans were cut one game short of the state tourney, the players still provide great stats in all areas of play.

Chelsea Dutenhoffer led the team with 40 aces for the season. Mikayla Barondeau followed with 36 and Lyndse Ruenz had 30 aces. Christa Haas tallied 27 aces and Carli Ellwein finished with 26.

Leading the team with digs was the Titans libero, Corley Hertel with 343 total digs. Christa followed with 292 digs. Cali had 262 total digs throughout the season.

Lyndse had 835 block at-

Volleyball
tempts, which resulted in a teamhigh 51 blocks. Mikayla rallied with 677 block attempts and totaled 42 blocks.

Blair Truebenbach tallied 401 block attempts and finished the season with five blocks. Totaling 280 block attempts and five blocks was Carli.

The Titans had many kills throughout the year and this year's leader was Lyndse with 289 kills.

Following Lyndse was Mikayla with 183 kills. Carli totaled 141 kills and Shari amassed 111 kills throughout the season.

Leading the team in assists was setter Christa with 1560 assits.
"Overall the 2005 volleyball season was successful. It ended sooner than we would of liked, but it was a learning experience for everyone involved. I am very proud of the girls for their effort this season. Together we all worked as a team towards the same goal," stated first year coach Jamie Neunedorf.

Senior Leadership: Seniors for the 2005 girls volleyball team are Lyndse Ruenz, Diana Muettl, Corley Hertel and Tracy Elsen. The girls have been playing together since junior high.

Chowing Down: Juniors Brooke Haas, Amanda Kallas and Christa Haas enjoy lasagna after a tough practice. Parents cooked and served the meal before the girls began district competition.

## Lady Titans Basketball

Coach Sarah Sumption said of the 2005-06 girls basketball season, "This was a fun year. The best thing for me as a coach was the opportunity to spend every day with a great group of young ladies. They worked hard every day in practice and in every game. In my eyes they were very successful; they gave it their best effort. That's all I ask for. A new season has already begun for us; we start working now!"

The Titans ended the season with 19 wins and only three losses. Their losses came to Mobridge and Sisseton in the regular season and Groton in the District Championship game. They were on top in both the LRC and YTC conference standings, along with being seeded number one in District 2 A .

The Titans will lose five seniors this year. They are Kelsea Barondeau, Lyndse Ruenz, Corley Hertel, Diana Huettl and Tracy Elsen. Two of the seniors ended their high school careers with over one thousand points. They were Kelsea with 1,241 points and Lyndse with

1,097 points.
"The 2005-2006 season was an excellent way to end my basketball career. The team excelled throughout the regular season and everyone gave it their all and played with heart. The best part of the season was having the opportunity to play with my teammates and get to know everyone even more," said Lyndse.

Kelsea added, "It was a fun season; everyone played hard and I enjoyed playing with all of my teammates throughout the years. I am also glad that I had such a great team and coaches to help me end my high school career."

Some of the team stats go as follows: The team shot $38.7 \%$ from the field, $34.6 \%$ from the three point line and $63.4 \%$ from the free throw line. The team ended the season with a total of 1,259 points; they averaged 57 points per game.

They had 660 total rebounds, and of those 314 were offensive and 346 were defensive. The team had 328 assists, 301 fouls, 322 steals and 246 turnovers.

Whose House?l?!: In the huddle after announcing the starting five the girls always do "Whose House?".
Experience of Six: Of the six seniors leaving FHS five of them have 18 years of varsity basketball experience.

## Titans Boys Basketball

New challenges made the Titans 2005-2006 basketball season one of the toughest yet. Leaving behind defeated opponents in Class B and battling tougher rivals in Class A left the Titans with a 1011 season record. The Titans stood third in their district with new teams Aberdeen Roncalli, Redfield and Groton.
"I had high expectations coming into the year, but it turned out that we just couldn't put things together. We had great moments, but no consistency," stated four year coach Troy Knecht.

The Titans stated off their season cold with a loss against Doland/Conde, but were fired up just as quickly with two straight victories over Langford and Hoven/ Edmunds Central. The victory over Langford was Coach Knecht's most memorable part of the season.
"It was an exciting finish, and I thought that game was one of our best," he explained.

The Titans moved on throughout the season with regular
season victories over Roslyn, Ipswich, McLaughlin, Warner and Selby Area.

Regular season losses included Doland/Conde, Groton, Northwestern, Sisseton, Faulkton, Herreid and Eureka. The boys scored a 2-1 Ellendale Holiday Tournament record and a 1-2 YTC Tourney record. The Titan's final defeat was against the Redfield Pheasants in Game 1 of the District 2A game, with a season-ending score of 66-42.

Joel Torrence, co-captain of the Titans, commented, "I had a blast this season. The season may not have ended the way we wanted it to, but all in all, it was a season that I will remember for a long time."

On a brighter note, Coach Knecht commented that the biggest highlights of the season were that "We out rebounded our opponents 708 to 618 . That's four more rebounds per game. We also held our opponents to an average $36 \%$ field goal percentage."

Senior Pride: These three seniors, Alex Hart, Justin Hart and Joel Torrence, led the Titans basketball squad as co-captains this year. All three of these boys have been playing basketball since elementary school.

Long Shot: Senior guard Joel Torrence takes a three point shot during the first round of districts.

Sports Section
Titans Track ₹ Field

A mild spring offered a great start to the track season, and even though the later spring weather often challenged the athletes, the girls wrapped up a winning season with the state meet in Rapid City. The boys were short numbers, as Chris Achen was the only high school guy from Frederick to participate in the spring sport.

Seven Titans qualified for the state meet, which was held May 26 27 at Spearfish and Rapid City. They were Kelsea Barondeau, Mikayla Barondeau, Carl Ellwein, Brooke Haas, Sam Jung, Madison Gill and Burt Daily. Shari Essen and Breanna Helland attended as alternates.

Mikayla brought home a first place finish in the 800 M run, which she completed in a time of 2:22.34. Kelsea, Mikayla, Brooke and Sam finished in fourth place in the two mile relay at the state meet and Carli placed seventh in the long jump. Kelsea was eighth in the two mile run.

State Champ: Mikayla Barondeua, stands at the top of the awards podium, as she receives her first place award at the state track meet. Mikayla won the 800 m run.

Ladies' Man: Jamie Taylor knows how to work his charm with the ladies on the track team. Pictured with Jamie are Brooke Haas, Corley Hertel and Carli Ellwein.

Senior Advice: Senior Tracy Elsen gives Angelia Goodall advice on how to clear the bar on her next vault.

Ready to Go: Christian Christianson advances toward his wrestling opponent in the 135 pound division.
Mental Prep: Chris Achen mentally prepares himself for his upcoming match. This is the junior's third year with the sport.

## Additional Sports

A wider variety of sports increased options for athletes as they could chose from traditional options, such as cheerleading, or more recent additions, such as rodeo, wrestling and golf.
"It is always a lot of fun to get the crowd excited, but also sometimes it can be really hectic as we try to settle them down," stated veteran cheerleader Tracy Elsen.

Cheerleaders included seniors Tracy and Megan Dutenhoffer, junior Blair Truebenbach, and sophomore Jamie Hart. The cheerleaders were advised by Carrie Weisenburger.

Students at Frederick Area also were given the opportunity again to compete in South Dakota High School Rodeo. Cowgirls and cowboys traveled all across the state from Burke to Timber Lake. Events that Frederick athletes competed in included bull riding, bareback riding, barrel racing, pole bending and goat tying.
"Rodeo is awesome it is a sport that you really need to focus on individually," observed Blair Truebenbach. She added, "You
learn to have a lot of drive and determination."

In the SD junior high finals, Rance Maddocks placed first, making him eligible for the Na tional Finals in Gallop, NM.

Several Frederick athletes qualified for the state rodeo competition: Justin and Jamie Hart for cutting; Kelli Hart for pole bending; and Kristina Maddocks for queening

Juniors Travis Hart, Brittany Schlosser also competed in high school rodeo.

Frederick had nine athletes compete in golf. They included sophomores Matt Huettl, Ethan Emery, freshmen Matt Foresting, Carson Ellwein, Taylor Christianson, eighth graders Timothy Englehart, Cole Truebenbach and seventh grader Casson Campbell.

Wrestlers for the year from Frederick included Christian Christianson and Chris Achen.

These newer Titans sports programs are increasing their competitiveness as more athletes sign up and learn the basics of the competition

Senior Pride: Senior football cheerleaders Tracy Elsen and Megan Dutenhoffer proudly sport their Titan wind suits during the Homecoming football game.
"Even though it required hours of practices and road time, I loved cheering for the football team," said Tracy, who spent three years as a football cheerleader.

Megan added "Cheerleading is a great activity. It was a challenge to keep the crowd excited and supporting the boys, but there's just something about a football game that gets everyone in the spirit!"

State Golf: Sophomore Matt Huettl works his way through the course at the state golf meet, which was held in Sioux Falls.

## JV/JH Sports

Junior high and junior varsity athletic programs provided the base for strong, competitive varsity teams. The programs offered athletes the opportunity to work on the concepts of teamwork and cooperation and to develop the basic skills for the various sports.

Athletes on the junior varsity teams practiced daily with the varsity players, and often earned spots on the varsity team.

Anticipation: Chelsy Podoll waits for the opposing serve during a junior high match in Eureka.

"The junior varsity players are a valuable part of the program," explained Tracy Elsen, varsity basketball player. "They push the varsity players and prepare them for games."

Marty Morlock, athletic director, commented, "The junior high teams are showing a lot of potential for the coming years. The junior high football team suffered only one loss throughout the season, while the girls junior high basketball team was only defeated twice."

Loving Track: Breanna Helland's smile reflects her joy of running.
Complete the Course: Austin Minard and Casson Campbell find their final push as they cover the $x$-country course

In-Bounds: JV players anticipate the ball after a turnover.
JV Volleyball: (Front) Shelby Thayer, Rachael Ham, Breanna Helland, Angela Goodall, Rachel Davis, (Back) Stephanie Jung, Chelsey Zinter, Chelsy Podoll, Caylee Hertel, Kayla Brockel and Coach Neuendorf.

Although they were able to list new favorites, students felt that most things at school stayed the same.
"We have the same teachers and we learn the same things," noted Justin Hart, senior. However, he added one big change for the school: "...not having Mrs. Maunu as my first hour teacher."

Sue Maunu, who
had taught at Frederick for over 30 years, retired from teaching, which resulted in a variety of teaching assignments being switched. Janelle Barondeau took over business classes, while Lynnette Hertel added computer classes to her schedule.

Mrs. Hertel explained, "This year is different because I am teaching three new
classes, two of which I am teaching for the first time!"

Other staff changes included Carrie Weisenberger moving to K -12 special ed, due to the resignation of Roberta Yeske.

New band uniforms, an all school assembly and the band trip to Denver were other "new" events at Frederick Area.

What' New Se now -58

Looking Sharp: Christa Haas and Chelsea Dutenhoffer proudly display the new banner that the Marching Band purchased along with new uniforms for the record number of musicians.

New, New, New: Although the basic schedule and activities remained the same during the 2005-2006 school year, some notable changes added variety to the daily lives of staff and students at Frederick Area School.

DEEP THOUGHTS

## "I am pleased with the public's view and usage of the new lacility." <br> $\sim$ Randy Barondeau CE0 <br> Cammunity

Community spirit and pride were evident in every aspect of the day-to-day operations of the Frederick Area School. From the state-of-the-art health facility to the name change of the institution, the school functioned as an intricate part of the community that supported it.

Effective July 1,

2005, Elm Valley School became the Frederick Area School. "It is more in keeping with our identity to be known as Frederick Area. We have students from several communities, so Frederick Area better states who we are," explained CEO Randy Barondeau. Cindy Rall, tech coordinator, added that the

8

name change helped with the school's statewide identity. She said that many people were not able to place "Elm Valley", but with the name of the town in the school's name, it was more readily identifiable.

Although many of the machines for the health facility arrived at the school before the end of the 2004-2005 school year, the building to house the equipment was not finished until the fall of 2005 . The room features three treadmills, a stairmaster, a bench, new weights, pec fly, seated row, arc trainer, a hip extension and much more. There is also a TV in both rooms for people to watch as they workout and a machine to buy water.

All of this was made possible through a grant for nearly a quarter of a million dollars.

## Sports events,

 concerts and plays were other activities presented at the school and supported by the community.

Community Participation: Members of the community take part in many different events that occur throughout the school year. They sponsor many different events and always like to show their school spirit.
"The facility is a grea place for everyone in the communily. If will help keep people in better shape and to slay heallhler. II's great."

~scott Campbell

Titan Banner: James Valley Telecommunications provided this banner to hang in the gym. The banner was created by 2003 FHS alumni Josh Ruenz, co-owner of Extreme Graphix in Aberdeen.

Booster Entry: Lance Podoll drives a team of horses through the Homecoming Parade for the Booster Club. The theme of the float was "This game's for you". Entering a float in the parade was just one of several projects the Boosters sponsored throughout the year.

New Facility: This structure located to the north and west of the new elementary building houses the equipment purchased with grant money. Community members and students both use the facility.

## DEEP <br> THOUGHTS

## "The sibling driving situation in my family. Any more questions, call." $\sim$ Matt HuettI

## Famecaming

Traditions continued as students celebrated Homecoming Week September 19 to 23. Dress-up days, coronation, cross country, volleyball, football, floats and a parade combined to make the week memorable for students.

The dress up days for Homecoming this year were Pajama Day, Hick Day, Wacky Hat Day, Hawaiian Day and Spirit Day.
"My favorite dress up day was pajama day," said Krista

Keep It Moving: Tracy Elsen and Lyndse Ruenz announce events during the coronation program.

Stoddard. She explained, "It was easy to get an idea for an outfit and it was even easier to find the clothes. I just had to wake up that morning and go."

Spirit Day turned out to be the dress-up day with the most participation, having over half of the student body come to school dressed in blue and white.

Monday night's coronation saw eight seniors don suits and formals as the royal party took center stage. Kelsea Barondeau, Ryan Bergan, Jesse Brooks, Megan Dutenhoffer, Alex Hart, Corley Hertel, Diana Huettl and Joel Torrence looked on as skits were presented by various groups.

The senior parents followed the Homecoming theme of "commercials" and created Titan-related versions of some popular TV commercials. The sophomores presented a skit and the cross country team also added to the entertainment with a revision of the corn pops
commercial.
Sports teams were introduced and then the MC's, Tracy Elsen and Lyndse Ruenz, announced the new King and Queen.

Alex and Kelsea were crowned by last year's king and queen, Brent Haas and Kassie Storm. As Homecoming King and Queen, Alex and Kelsea enjoyed a convertible ride through the parade on Friday and the two were introduced at the all home athletic events that week.

Cross country runners observed Homecoming Week with a meet in Faulkton.

The volleyball girls celebrated by defeating the Selby Area Lions, 3-0.

The football team put forth a valiant effort, but ended up losing to the Doland/Conde Chargers, 35-0.

After the game, the Digital DJ, entertained the students at the traditional Homecoming Dance, which was held at the gym from 9 p.m. to 12:30 a.m.

Spirit Week: From Monday night's Coronation Program through Friday's parade, Spirit Week offers activities for students and community members. "There's something every night," explained Tracy Elsen, student government president.

It Must Be Charger Season!: Justin Vetter rides through the parade on the winning eighth grade class float during the 2005 Homecoming Parade. Grades 7-12 created floats, while elementary classes had walking units. Several community organizations also had floats.

Homecoming Court: Eight seniors-Megan Dutenhoffer, Corley Hertel, Diana Huettl, Kelsea Barondeau, Alex Hart, Ryan Bergan, Joel Torrence and Jesse Brooks-make up the royalty candidates. The court was chosen by the Senior Class.

"Left, left, left, right, left": Christa Haas and Chelsea Dutenhoffer lead the band down Main Street with the brand new Titans banner. The Homecoming Parade was the debut of the new uniforms. In addition to marching at the Homecoming Parade in Frederick the group also participated in the Northern State University Gypsy Day Parade.

DEEP
THOUGHTS

Although opportunities were limited, students interested in drama found an outlet during the fall with oral interprestation and again in the spring with the play. Both activities were coop events.

Moving to Class A proved to be a big difference for the oral interp team. The most obvious difference was that interpars did not even compete at the district level, but went directly to regions from local competision.
"I think we were more prepared when we

Directing Traffic: Officer Buford (Chris Achen) directs traffic during the performance when action was at its peak.

## What is hardest about being onstage?

had a district contest," noted Tracy Elsen, senjor oral intern student.

Eight girls represented Leola-Frederick at regions. They included Mikayla Barondeau, Megan Dutenhoffer, Shari Elsen, Tracy Essen, Kristina Maddocks, Shrylle Mikkonen, Lyndse Ruenz and Blair Truebenbach.

After winning local in seven divisions (drama, prose, humoronus, poetry, oratory, duet and readers theater) these girls competed in Aberdeen at the region level.

The spring play was open to students in grades 7-12 and was presented on March 24, between sports season to allow for greater participation.
"Don't Try to Wake Him, Hand Me A Shovel" challenged the cast as they worked out special lighting effects and even presented some scenes with just a flashlight.
"It was the details," noted Carma Runz, co-director. She ex-
planned, "The basics like characterization and memorization were never once an issue with this group. They had the entire play memorized before the last week of practice and they were a superb group of actors and actresses in developing their roles. The only stress we had as directors was working out the details of lighting and sound." Tonya Zinter codirected the production.

Practices began early in March, and the group met everyday after school until the producton. A painting party with pizza, dress rehearsal with a potluck supper and ice cream cake and games after the performance were highlights for the cast.

The cast and faculty voted on the awards: Best Actor, Best Actress, Best Supporting Actor, and Best Supporting Actress. The winners were Tyler Beck, Carl Ellwein, Chris Ashen (tie), Nate Leibel (tie), Cody Gustafson (tie), and Tracy Elsen respeclively.

Lights, Camera, Action: Between oral interpretation, the school play, practices and performances, these actors and actresses have plenty of memories to take with them once the lights go down and the performances are over.

Cheese: After a long day of performing at the Region Contest, the Oral Interpretation team kicks back. They are (front) Jamie Walton, Shrylle Mikkonen, (middle) Megan Dutenhoffer, Kristina Maddocks, Tracy Elsen, Blair Truebenbach, (back) Caitlin Zinter, Mikayla Barondeau, Lyndse Ruenz and Shari Elsen.

Hmmm: Carla (Carli Ellwein), Leona (Shari Elsen), Coach Hallaway (Shylle Mikkonen) listen intently as Pookee (Nate Liebel) retells his terrifying experience in the basement.

Smile: The cast of "Don't Try to Wake Him, Hand Me the Shovel" smiles for the camera after completing a very successful performance. Although they were relieved to be through the performance and done with daily practices, the cast was sad when the play was over. "I want to do it all over again...I could do it over and over again!" said Carli Ellwein. "I was ready to cry when it was over," added Tracy Elsen.

DEEP THOUGHTS

Formals, tuxes, flowers, pictures...all of the excitement and enthusiasm can mean only one thing...lt's prom time!

Frederick's JuniorSenior prom, which is an annual spring event, was held Saturday, April 8, at the Frederick Gymnasium.

The theme for this years prom was "Here's to the Night..." with the setting in Paris, France. A replica of the Eiffel Tower, Paris's trademark, was set in the center of the dance floor. This, along with gossamer, lights, hand-made roses and balloons created a festive atmosphere.

[^0]
## What do you have to do to get ready for Prom?

## "Hair, makeup, nails, come home put on my dress and go." Brooke Haas

Throughout the year the juniors worked to earn money by selling concessions at all of the home basketball, football and volleyball games. They raised this money to be able to decorate for this special night.
"We had so much stuff to put together, that we needed every spare moment that we had during the day. Time definitely flew by after we first started planning the prom, because before we knew it, it was here and done with; it was unbelievable!" stated Shrylle Mikkonen, junior class president and a member of the 2006 prom committee.

The juniors and seniors and their dates started arriving at the gym for formal pictures, taken by Steen Photography, and Social Hour at 5 p.m. Then they were served dinner at 6 p.m. by the junior parents.

Not Again: Seems Alex Hart always gets himself into the most unusual situations, much like this dance with classmate Jesse Brooks?! And these situations usually end up in a photo!

The menu included a salad with garlic bread, a choice of chicken or pork, twice-baked potatoes, corn, French Silk pie for dessert. Following dinner there was another social hour for the students at 7 p.m., and finally the Grand March began at 8 p.m.

The Grand March, which featured 22 couples, was open to the public. Following the Grand March was the dance, which continued through midnight. The final event, post prom, was held at the Frederick gym as well. Students had a half an hour to change and get back to the gym for a night full of fun and games! The doors to the gym were locked at 12:30 a.m.

The junior parents sponsored a post prom party. This year's activities included games such as The Dating Game, Let's Make a Deal and Family Feud. Snacks were provided throughout the night and juniors and seniors had the opportunity to win prizes from area businesses.

Picture Perfect: Starting with Social Hour at 5 p.m. and continuing through post prom, which concluded at 4 a.m., couples had an abundance of opportunities for memorable photos of various activities.

Dazzling Dozen: Twelve of the 14 seniors gather for an informal photo opportunity. Once formal pictures were taken, parents and friends wandered the gym collecting snapshots of couples and classes to preserve the memories of the traditional spring dance.

What a Relief: After many months of planning and one long day of setting up, the Junior Class smiles for the camera knowing that all their work paid off and now they can enjoy a night of food and fun.

Here's to the Night: Prom couples gather in their evening wear prior to the Grand March. Between tux rentals and sequin-studded dresses, the attire of these prom-goers represents thousands of dollars. However, everyone involved thought the cost was worthy of the memories as they dined and danced in the "shadow" of the Eiffel Tower. The "Here's to the Night" theme reflected Parisan style.

| Therapy student. |  |}

Attending Presentation College, majoring in nursing and playing volleyball.

Fourteen individuals wrapped up their public school education as they gathered for one last class activity: graduation, which was held Sunday, May 14, in the Frederick gymnasium at 2 p.m.
"They are an exceptional group," noted CEO Randy Barondeau. "You know the class is academically strong, when the 4.0 and the 3.96 are NOT the valedictorian and salutatorian!"

Diana Huettl, valedictorian, addressed the class, reminding them that they have been given the basis to steer their lives in whichever

No Surprise: What do you get when you put the senior boys in front of a camera? It's no surprise that they are goofing off.
$G_{r}$
Graduatio
6e
direction they choose.
"Although procrastination caused me to begin this speech at the last minute, I am honored to represent my class as the Valedictorian," stated Diana.

Salutatorian Tracy Elsen compared the class to a car, describing the special role each graduate played as the group completed academic and extracurricular activities and other aspects of high school.

Honor students, recognized with a special medal worn around their necks, included Kelsea Barondeau, Lyndse Ruenz, Megan Dutenhoffer, Corley Hertel and Alex Hart.

During the ceremony, the girls sang "At The Beginning" and while the song "She's Somebody's Hero" played, the seniors presented their mothers with a longstemmed red rose, which is the class flower.

A slide show, featuring senior pictures and candid pictures of
each member of the Class of 2006, was shown.

Mr. Barondeau read the class roll, while Lance Podoll, school board president, presented the diplomas.

After the last senior returned to his seat, Mr. Barondeau nearly skipped the traditional moment of moving the tassels from right to left, signifying the newly acquired status of graduates. However, the class reminded him, the switch took place and the 14 seniors marched out of the gym to form a receiving line where they could meet all who attended the ceremony.
"The receiving line was the worst part of graduation.....I was fine until all those people, especially the junior girls, came through with congratulations, hugs and tears....I admit, I shed a couple of tears before the receiving line ended," confessed Corley Hertel, who had vowed she would not cry at graduation.

One Last Walk: Members of the Class of 2006 take their final steps towards their diplomas as they enter the graduation ceremony in pairs. The class wore traditional black gowns, but added stoles in the class color, cardinal.

Congratulations! The graduated seniors form a receiving line outside of the school in order to greet their family and friends who attended the ceremony. Receiving lines are traditionally emotional events for the graduates, when they get hugs from everyone.

Honors: Kelsea Barondeau, Tracy Elsen, Megan Dutenhoffer, Alex Hart, Lyndse Ruenz, Corley Hertel and Diana Huettl graduate with honors, which means they achieved a 3.50 or higher GPA during their four years of high school.

Class of 2006: Fourteen students gather for one last class picture before the graduation ceremony. In front are Joel Torrence, Alex Hart, Jesse Brooks, Ryan Bergan, Theodore Yde and Justin Hart. In the middle are Corley Hertel, Megan Dutenhoffer and Tracy Elsen. The back row consists of Erika Newcomb, Lyndse Ruenz, Diana Huettl, Kelsea Barondeau and Reva Graves. Graduation marked the final school activity for this group.

## "If you had It to do all aver again, what would you chmonge?"

"You're joking, right?
There's no way I could do this all over again!" $\sim$ Corley
"I'd start earlier and FINISH the pages we started!" 7 racy

"We'd take more time to pause and catch the snowttakes....
oh, wait, we already did too much of that, which is why we're working in JUNE!"

Diana \& Lyudse
"I wouldn't Change a thing....
I LOVE working with this sterff and I'm glad yearbook work lasted as long as it did!"
~Mrgan

## ~That's All Falks~

## We're Done!

Five senior girls gave new meaning to the word procrastination as they managed to keep working on the yearbook throughout the month of June!
"It should be perfect...we certainly spent enough time placing, considering, balancing...I wondered if we'd ever get done!? But, here it is, the finished book!" explained Carma Ruenz, yearbook adviser, as she contemplated the completion of the yearbook.

The five senior
Colophon 70
girls in Journalism III may have been the first group to actually spend three entire years in journalism, but that didn't speed up the process of putting a yearbook together....it did however, make it a much smoother operation and one that was very much studentgenerated.
"It was fun! But it was also a TON of work. And, once the pages were done there was all the 'last minute' work to get them ready to send to the plant," concluded Megan Dutenhoffer.

 III HIME

## Auguls

25 Hurricane Katrina strikes Florida.

28 Mandatory evacuation of both New Orleans and Mississippi is ordered as Katrina becomes a Category 5 storm in the Gulf of Mexico.

29 Downgraded to a Category 4 storm, Katrina hits land. 1.3 million homes and businesses lose electricity in Louisiana, Mississippi and Alabama. 30 levees are breeched, flooding New Orleans and leaving 100,000 people stranded. After slow government response, civil unrest and looting begins.

31 President Bush surveys the damage.

## Seplember

130,000 National Guard troops are deployed. Gas prices spike to as high as $\$ 5$ per gallon.

2 President Bush visits Louisiana and signs a $\$ 10.5$ billion relief bill. Nearly 154,000 evacuees arrive in Texas.

4 The New Orleans Superdome is evacuated.
6 President Bush and Congress pledge to investigate the flawed disaster response.

9 Government-issued debit cards are distributed to evacuees. The program fails and is ended days later.

12 Michael Brown, head of the Federal Emergency Management Agency, resigns. Flooding is down to 50 percent in New Orleans.

14 New Orleans Mayor Ray Nagin announces a phased repopulation plan.

15 New Orleans begins to reopen. Katrina is named the most destructive hurricane in U.S. history.

20 Louisiana Governor Kathleen Blanco declares a state of emergency as Hurricane Rita strengthens off the coast.

22 Rita hits the Louisiana coast and heads for Texas.

23 Thousands evacuate eastern Texas and the 9th Ward of New Orleans floods once again after levees are overrun.

## Uctober

24 Hurricane Wilma hits southwest Florida.
Hurricanes ravage the Gulf Coast region in the fall of 2005, posing an unprecedented test of the United States federal emergency response efforts. Hundreds of lives are lost and thousands are left homeless in the wake of Category 4 Hurricane Katrina, followed by Rita and Wilma. The tragedy spurs contributions of money, talents, homes, food and more in an attempt to raise spirits and rebuild the area.

## RISIIIG FROM TIIE STORMS

- Thousands of Louisiana evacuees receive shelter and medical care in the Astrodome in Houston, Texas.

1 Louisiana Governor Kathleen Blanco, President Bush and New Orleans Mayor Ray Nagin survey the damage in New Orleans.

- Many animals left behind during evacuation are rescued and given shelter or reunited with their owners.

- Homes across the country are opened to families left homeless in the wake of Hurricane Katrina.

- Thousands of volunteers help Habitat for Humanity rebuild homes in Louisiana, Mississippi and Alabama.

- Three months after Katrina strikes, the first New Orleans public school reopens on November 28.

# mpant 6 ния 

- On October 15, Iraqi voters ratify a U.S.-supported draft constitution that establishes a federal state. A second election, in December, creates the new government's first parliament.

- Several airlines declare bankruptcy due to huge fuel labor and security costs. Passengers see fees for pillows aisle seats and more as carriers seek new revenue sources.

- During rush hour on July 7 London is hit by terrorist attacks. Bombs strike one bus as well as the city's underground trains, leaving 56 people dead and 700 injured.

- John G. Roberts Jr. becomes the 17th Chief Justice of the United States Supreme Court following the death of William Rehnquist.

- Violence in Iraq continues to cost lives. Since the war began in March 2003, over 27,700 Iraqi civilians and 2,300 coalition troops have died.

- In January 2006, Ellen Johnson-Sirleat is sworn in as Liberia's president, making her Africa's first elected female leader.

- Vice President Dick Cheney's top aide I. Lewis "Scooter" Libby resigns after being indicted in October on criminat charges relating to the leaking of a CIA officer's identity.

- Despite his years of anti-gang advocacy while in prison, on December 13, former Crips gang leader Stanley "Tookie" Williams is executed by lethal injection for four 1979 murders.

- Methamphetamine use becomes a national crisis as meth-related crimes skyrocket on the West Coast and in the Midwest. Pharmacies remove pseudophedrine products from shelves in an effort to control meth production.

## Science and hature

- A global pandemic is feared as the avian flu claims 73 lives in Asia by the end of December and threatens to spread across the world.

- Atter seven years and 2.88 billion miles. NASA's Stardust capsule returns to earth carrying dust particles from the tail of the comet Wild 2. Scientists believe the samples hold clues to the formation of the Solar System.

- The American Dental Association cites bottled water and its lack of fluoride as a major contributing factor in the rise of tooth decay in children.
- According to recent research. chocolate can be a healthy treat thanks to its high content of flavonoids, which help maintain good circulation and reduce blood clotting.

Trastuzumab HERCEPTIN With Diluent
